INTRO'S

HI GUYS!
Well,that's it!The second hell drivin' issue of Witchcraft magazine,this time with full coloured cover,more stuff,more art etc.I hope you like it.Any way, it's my biggest wish to get letters from you telling me your honest opinion about this issue! I need you!!Again some cool guys helped me with this issue,and I want ot thank them,especially Apostolis for his great Scene-report I was looking for a long time,but'ne ver found a guy who could write something about his country If anybody else is interested, write,I always need good reports.Well , maybe you've seen that not all interviews I promised you are inside, but what can I do?Most bands never send me their answer or any letter, and nothing arrived here,maybe the post lost it,maybe they we re fed up with such things, I don't know.I send 15 interviews away,7 arrived here!Nice ,isn't it?
And once again something about this issue. You see that we print an Emperor interview alt hough I know that they are facistic.Weel,I have to admit that I print this one because I want to talk with 'em about theri music, life etc.And ,as you can see, no facistic answers or questions. I think it wouldn't be possible for Samoth to read this issue the next time,I heard he's in jail (see news) with some other norwegian guys.
Well,and I also want to tell you, all distributors, zine's and labels outthere,don't support Blackmetalfacists ! They suck. Those stupid,unintelligent children, who think it's cool to send me letters with some words like 'Hail Hitler' etc.,you can suck my dick! I think the scene doesn't need children without brains, who think the devil has two horns and lives in Hell, with fire and so on,hahaha haha...!Okay, readers, why telling you so much things on the first pages,I know that intro's are boring,just read and enjoy,and send me your honest opinions,

greetings,

EMPEROR

AND NOW WE HAVE A NORWEGIAN BLACKMETAL BAND HERE CALLED EMPEROR. AFTER A DEMOTAPE CALLED'WRATH OF THE TYRANT' AND A MINI-LP ENTITLED 'EMPEROR'. THEY RECORDED THEIR FIRST FULL LENGTH ALBUM FOR THE BRITISH LABEL CANDLELIGHT RECORDS.BUT NOW I ASKED 'THE LORD OF SILENCE', MAYBE BETTER KNOWN AS SAMOTH. SOME QUESTIONS. LET'S SEE WHAT HE ANSWERED ME.

YOU SIGNED ON DEATHLIKE SILENCE PRODUCTIONS FOR AN LP /CD. ANY NEW SONGS WRITTEN? WHEN DO YOU THINK THE LP WILL BE RELEASED?
"We actually never signed to Deathlike Silence Prod., we have now decided to stay on Candlelight Records... our full length album 'In The Nightside Eclipse' are recorded and are to be released on Candlelight late 93...a truly grim and hellish release."

TELL ME SOMETHING ABOUT YOUR SONGS. IS IT HARD TO COMPOSE BLACKMETAL SONGS? WHAT DO YOU FEEL WHEN YOU' RE WRITING THE LYRICS FOR A SONG?
"It's hard to describe our songs in words...our songs are quiete fast, brutal and intense, but still very atmospheric and melodic. It's hard to compose quality music, but all the members of EMPEROR have played their instruments for many years, so we don't really have any problems with composing Blackmetal art. It doesn't give me any special feeling , but it gives me a lot of thoughts about theme of the lyric."

ABOUT THE 'NORWEGIAN BLACKMETAL CIRCLE'. WHAT IS IT ? DO YOU WANT TO TELL PEOPLE SOMETHING WITH THIS CIRCLE? I'VE HEARD THAT THE POLICE MAKES INQUIRIES AGAINST COUNT GRISHNACKH AND SOME OTHERS BECAUSE THEY BURNT SOME CHURCHES.IS THAT TRUE?
"The Norwegian Blackmetal circle?It speaks for itselve... Darkness and evil beyond the limits. Both me, Count Grishnackh , Eurony-
mous and several others had a lot of shit with the po-

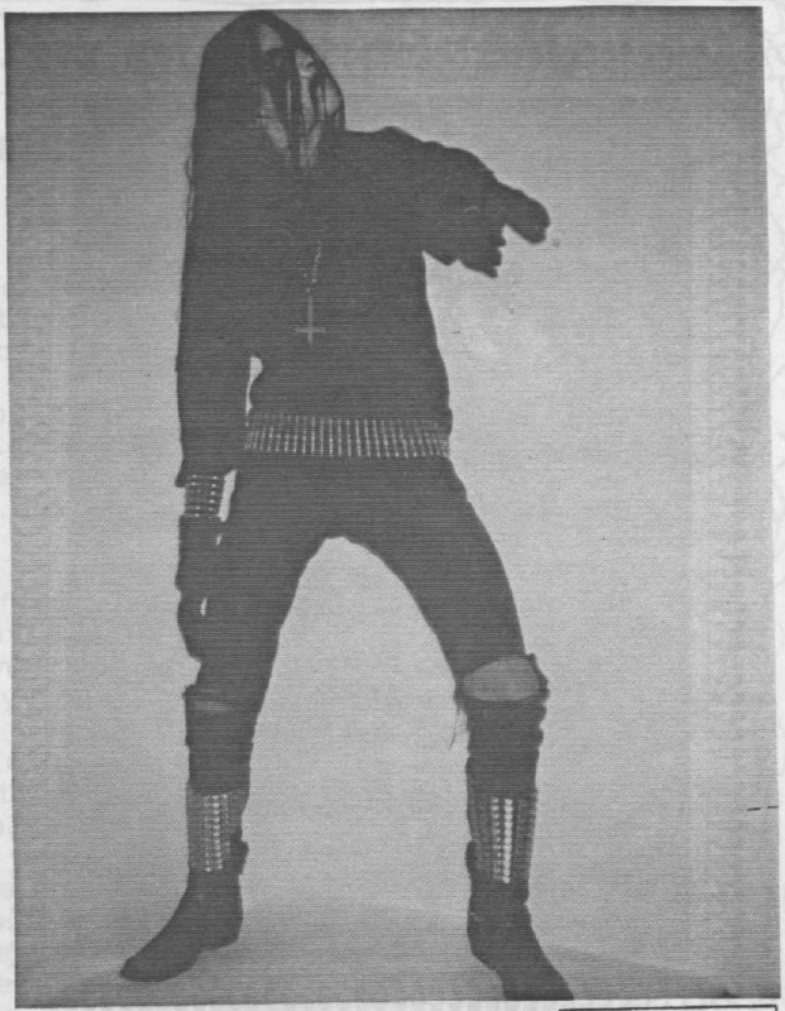
lice...Grishnackh also sat in custody for six weeks, but there exist no proof anywhere, so they haven't anything on us."

YOU ALSO PLAY GUITAR (?) IN BURZUM.ABOUT THE 'ASKE' MLP WHICH WAS DELYED. WHY? AND. DO YOU LIKE PLAYING IN TWO BANDS?AREN'T THERE ANY PROBLEMS?I THINK THE SOUND OF EMPEROR & BURZUM IS TOTALLY DIFFRENT,FOR EXAMPLE.
"I 'only' play bass on Burzum's'Aske' mini album. DSP often get delayed for some reasons."

WHAT WAS THE REASON FOR THE DEAL WITH CANDLELIGHT RECORDS?WAS IT A GOOD DEAL?
"Candlelight Records was interested in release some Norwegian bands and found Emperor as one of those bands...the deal was quiete good.and we are very satisfied with the work of Candlelight so far,that's also why we decided to stay on Candlelight Records."

SOMETHING ABOUT YOUR SONGS. YOU OFTEN USE A KEYBOARD. WHY?IS IT BECAUSE THE SOUND IS MOE...HMM...WEIRD OR DO YOU LIKE USING A KEYBOARD BECAUSE IT'S MORE EVIL?
"Keyboards is adding a great atmosphere in music. and we try to make atmospheric music so therefore did we felt it natural to use keyboards."

I'VE SEEN YOUR MLP COVER WAS DRAWN BY J.W.H. WHO'S THIS?IS IT POSSIBLE THAT HE WILL ALSO DRAW THE COVER FOR THE FIRST LP?
"Then you must have a very good sight. because it is drawn by Gustave Dore. and I don't think he will draw anything more,because he is dead ages ago. but we might use some more of his paintings in the future. Blackthorn might draw the cover for'In The Nightside Eclipse'...it is also possible that we will use one of Ihsahn's paintings."



SAMOTH (GUITAR)

I THINK SOME PEOPLE LIKE TO KNOW WHAT YOU ARE DOING ALL DAY. DO YOU LIKE LIVING IN NORWAY?
"Apart from musical work, I hardly nothing of interest (If you think about works and shit,forget it .I deny work,school and other slavery).Mostly I spend long hours alone with mail, music and darkness by my side...I also like wander around in the nature, it makes my longing for the ancient even stronger."

IS IT POSSIBLE THAT EMPEROR WILL TOUR IN EUROPE ONE DAY ???
"Candlelight is planning a full european tour during the winter anno 1994...it should be together with Cradle Of Filth(UK's Blackmetal gods), but plans often change... time will tell!

I READ IN ANOTHER ZINE THAT PEOPLE CALL YOU 'LORD OF SILENCE' BECAUSE YOU'RE

IHSAHN (VOCALS)

Nordic Wastelands

NEVER SMILING OR LAUGHING AND DON'T TELL THAT MUCH.
"I have choosen that name myself.Silence can not only be associated with denial of speach,but also with atmospheres of melancholy and darkness. I worship the silence of soul breeding woods , and I have always been of a silent personality. I hate happy smiling liveloving humans so therefore I always try to have a grim look,but of course smile and laugh also, but rarely when I walk among normal humans."

WHAT DO YOU THINK ABOUT HAVING A WIFE ONE DAY,SITTING AT YOUR HOUSE WITH YOUR CHILDREN AND LIVING A NORMAL LIFE?
"I will never live a normal life,the lifestyle that I'm into is deep into my heart, but I might have a wife,but hopefully not any children. because they are fucking pain in the ass...all womans should be forced to abortion.there are enough (far to many - actually) humans.start total annihilation.total death (but remember,if all womans have been forced to abortion. YOU wouldn't exist-ed.)."

OKAY SAMOTH, LET'S COME TO AN END.LAST CHANCE TO SAY ANYTHING!
"They say foul thing of Old Times still lurk in dark forgotten corners of the world,and Gates still gape to loose,on certain nights. Shapes pent in Hell."

OKAY GUYS,THAT'S ALL. MANY STUFF SAMOTH WROTE DOWN. THERE ARE SOME ANSWERS I DON'T LIKE . BUT I'M NOT INTO CENSORSHIP . EVERYBODY COULD SAY WHAT HE WANT.IF YOU WANT TO CONTACT THEM,WRITE TO THIS ADRESS:

THORT (BASS)

"Into The Drape"

MORTUARY DRAPE is one of the few Blackmetalbands coming from Italy.The band was formed in late October 1986 a.g. around Halloween eve.by the will of three persons of the original nucleus.
In the beginning,next to these three,a lot of other elements,always as lead guitar,have come and gone,namely have been thrown out of it,having they revealed themselves outside,the occult dimension,which the band had been originally conceived in.

Mortuary Drape moves in a field completely plunged into the occult,in which a great attention is mainly dedicated to ancient practices of witchcraft and necromancy,all of that represents a sphere at which inside,many jears from now,move daily all members of the band.
This fact reflects itself into a practicular and appropriate musical and scenography atmosphere,considered as necessary support to the occult message deeply situated inside every component's soul.
The name of itself of the band stands as that invisible veil,existing from the dawn of times to the never ending research of our own existence and spiritual evolution.This veil(the Darpe)is Mortuary because the Death is only event which we are sure and the life is a Preparation for it.
Mortuary Drape has actually 30 live appareances to date,and many others on newspaper and radio stations with articles,reviews and interviews(about similar things,we accept every contacts,inside and outside of italy,at the indicated adress inside the cover of the last demo.
The actually line up at this time is:
Wildness Perversion - drums & vocals
Diabolic Posession - bass
Maniac of Sacrifice - lead guitar

FROM THE DEPTHS OF CATACHTHONIUM!

HOLLAND'S SICKEST!

BLUUURGH....one of the first DEath-splatterbands coming from Holland!Formed in early 89.they recorded their debut demo'Vegetables of Doom' in the same jear.and it was in the vein of american and english corebnads.
After several line-up canges.the musical writing style developed more metal orientated music.One reason that makes Bluuurgh..so intersting is the vocalpart,it's maybe the only Deathmetalband which got two shouters.one speaks and one sings.Awesome!
And.in early 1990.the second demo'Pious Decay'.was recorded and released.Lyrically and musically they had now been a huge progress in the band.An offer was made by C.S.K. Records for a double 7" Ep release.The band returned to the studio to record'Suffer Within'.This Ep turned out to be a mega-sale and with this band attained massive world wide recognition.
Witchhunt Records.a suisse Label.was interested and offered the band a full length Lp/Cd deal.This debut.called'In my Embrance'.is released and the response was unbelievable.A mix of Deathmetal.Industrial.Core and Grunge,comined with the sickest splatter vocals ever,definitely and change from the normal!
So check them out,this is maybe one of the most extreme and experimental releases of 93!

PHLEGETHON.a band formed 1988 in Finland.Their bandname was taken from the greek mythology.The lyrics were inspired on the base of their odd dreams and visions by Salvador Dali's paintings.
The music of Plegethon is some kind of mixture between Techno Deathmetal and mystic sounds.and a great touch of own Phlegethon style.'Visio dei beatifica' was the first demo.and in Jun 1990.after they had a complete line-up.the absolute cult demo'Neutral forest' was recorded.and sold over 1000 copies!
At the end of 1990.the band get a deal with the very joung label Witchhunt.and they recorded a mini-Lp.because they hadn' material for a whole Lp.
Now.two years after the Mlp was recorded.it's sold out.but tw new songs were recorded.and this great debut is re-released b Witchhunt again.The whole playingtime of 40 Minutes is quiet long.and most of you know that Phlegethon plays very goo music.you must get this Cd as long as it's available.Interestin stuff for openminded guys!

HERIT FROM FINLAND ARE ONE OF THE ST INTERESTING BLACKMETAL ACTS MING FROM THIS LAND AT THE MOMENT RAWNING DOWN THE MOON' IS A REAL STERPIECE FOR ME:MUCH MORE INTE-STING AND BETTER THAN THIS BOOT-G MADE BY TURBO MUSIC (FACISTS. AY AWAY!).SO I'D LIKED TO WRITE THE GUY WHO FORMED BEHERIT. HO-CAUSTO.HE SEND ME THE ANSWERS AF-R A VERY SHORT TIME. BUT HE WAS ALLY SORRY.BECAUSE AT THE MOMENT 'S HOMELESS.SO HE HASN'T THE TI-E TO SEND ME LONGER ANSWERS.IT'S A AL PITY.BUT WHAT CAN I DO?SO READ D ENJOY!

RAWNING DOWN THE MOON' IS YOUR NE ST RELEASE ON SPINEFARM RECORDS.A TTER DEAL?HOW IS THE RESPONSE OF UR NEW ONE?
eah.I think it's a cool deal now ecause I know personally the dudes Spinefarm.The response has been etty good."

Y DID TURBO MUSIC PUT YOUR 'OATH BLACK BLOOD' DEMO ON VINYL? I INK IT WASN'T THAT GOOD!
'The Oath Of Black Blood' was a ootleg,we didn't want it."

ST SONGS OF YOUR NEW ALBUM ARE OW AND MUCH BETTER. YOUR VOICE'S SO MUCH MORE AGRESSIVE I THINK. AL BLACKMETAL NOW.AND NO BLACK-ISE ANYMORE?
"I don't know,is it real Blackmetal but there's a real feeling. I still like Noiz but hope it's okay."

YOU USE A KEYBOARD TOO FOR INTRO'S AND THE BACKGROUND MUSIC. DO YOU NEED SUCH EFFECTS?
"No.not really.But it was a good atmosphere processor."

I READ IN AN IMPALED NAZARENE INTER VIEW THAT MIKA CALL BEHERIT THEIR 'BROTHER BAND'.DO YOU AGREE?
"100%ly!!!(oh hell yes.this was a good answer!-ed.)"

AREN'T THERE TOO MUCH ZINES.BAD ZI-NES WHO DESTROY THE WHOLE SCENE? DO YOU THINK THE SCENE NEED ZINES?
"Too much zine's.but th scene need zines."
I'D LIKE TO KNOW(AND I THINK SOME READERS TOO)WHAT DO YOU THINK ABOUT WITCHCRAFT,SATANISM AND OTHER OC-CULT STUFF!
"Very interesting...ODINISM/ASATRU"

WE CAN SEE ALL DAY LONG WHAT WE'RE DOING WITH THIS PLANET AND OURSEL-VES.HOW MUCH TIME DO WE NEED TO DES TROY OUR EARTH TOTALLY?
"One hour and fifteen minutes."

BACK TO YOUR NEW ALBUM AGAIN.WHO IS BEHERIT NOW? ANY NEW MEMBERS? WHO LEFT THE BAND AFTER YOUR 'FIRST'LP?
"No new members. I'm just alone right now.but I move to Helsinki in a couple of months time and there I know some cool freaks to band."

WHAT IS LIFE AND DEATH FOR YOU?
"Life is a party,death is a party (Hahah,this is really funny!-ed.)."

AND A BORING QUESTION,ANY PLANS TO RELEASE SOMETHING NEW NEXT TIME?
"Yeah,a 12" underground release in 1994!"

WHAT DO YOU THINK WILL HAPPENED AFTER THE DEAD?DO YOU BELIEVE IN THIS 'HEAVEN AND HELL' STORY OR IS IT POSSIBLE FOR YOU TO LIVE ON EARTH LIKE A GHOST?
"HARD!!!VALHALLA."

COULD YOU TELL ME SOMETHING ABOUT IAK SAKKAKH?
"No,what should I?"

WHAT MEANS 'THE GATE OF NANNA' OR 'NUCLEAR GIRL'?IS THERE ANY MESSAGE BEHIND SUCH SONGS?
"The Gate Of Nanna,moon,sin...Necronomicon text. Nuclear Girl - metal ambient,the house of A.Crowley in my mind."

NOW,LET'S COME TO AN END! ANY LAST THINGS FROM YOU?
"Thank you and I want like to send greetings to all my friends in Germany(Yep,thanks also to you for this interview , which is really short,but I can understand your situation).I have had some problems to do the mail and I am homeless still for two month,all contacts to the new Spinefarm Adress!"

Okay.what to say about a printed A4 fanzine.written in german & very uninteresting interviews. which I can also find in the last Rock Hard. some reviews and live reports about fuckin' assholes like Guns 'n Roses or Suicidal Tendencies. The Lp/Cd reviews are silly & superficial!There are mostly Thrash & Powermetal bands featured. but if you want to buy it. send 3 or 4$ to Jochen to get some shit!

This first issue of Cold Death comes from Slovenia and presents us a couple of Black/Deathmetal bands. All photos are clear.tha layout is very professional but sometimes boring.because there's no freshness inside.The cover is coloured .and it's professional printed.There are also many demoreviews and a couple of Lp/Ep reviews, but no articles.The questions are as good as the answers.You can get it for 3$ or so.I'm not sure.

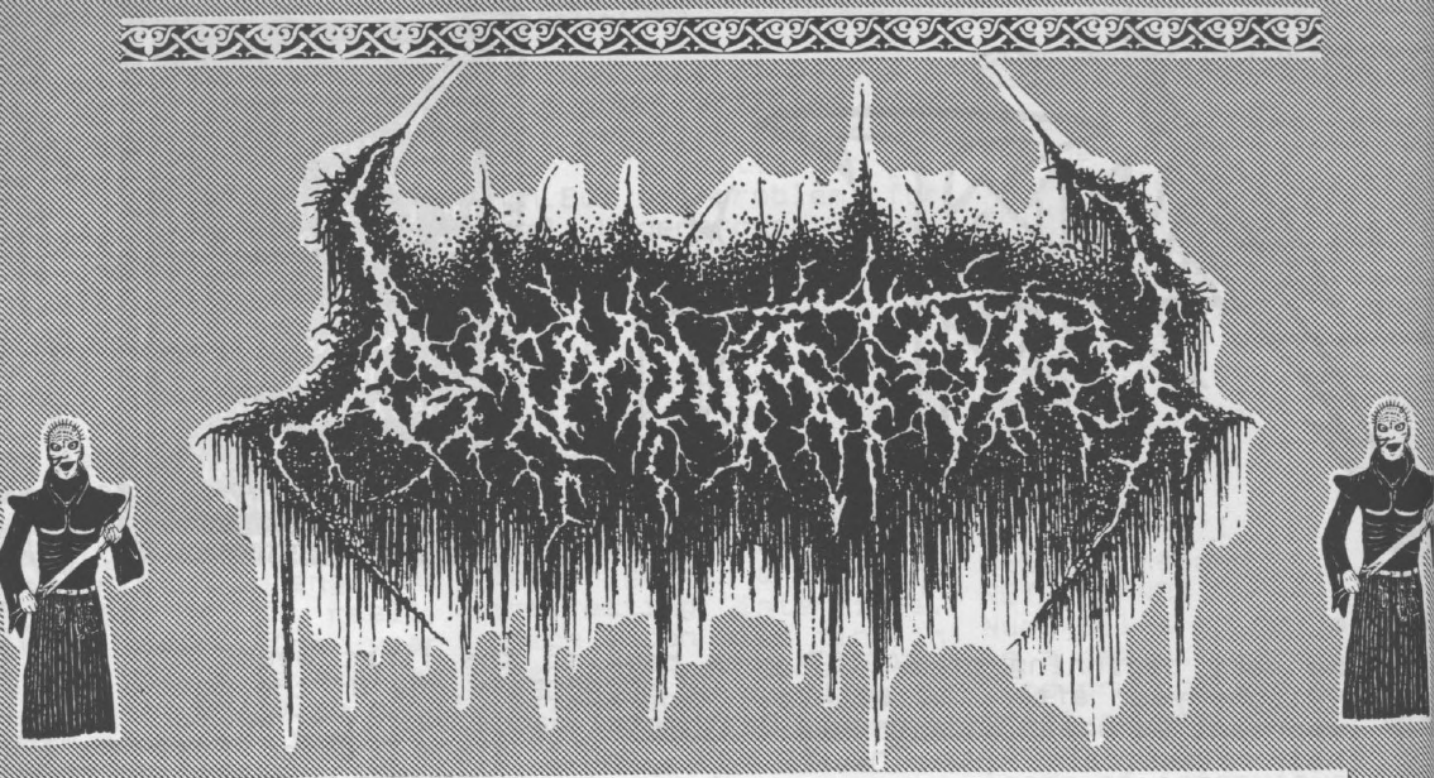
The very beginning of SADIST goes back to the first weeks of 1991.one year after the split up of NECRODEATH.one of the most important european underground Deathmetal bands.mainly known for their classical 'Into The Macabre' debut album.Drummer Peso started auditioning musicians to form a brand new project and a few months later Sadist' first line up was completed with Tommy handling guitars and keyboards,Andy bass guitar.Fabio vocals and Peso himself behind the drumkit.Almost a full year was spent practising original material.and September 1991 saw Sadist signing with the italian Obscure Plasma Records for a 2 song Ep entitled 'Black Sreams'.This vinyl.even if plagued with a very bad production and not so mature songwriting.sold more than 2.500 copies worldwide,generating a big underground acclaim.
In early 1992 Wild Rags Records reprinted the Ep in the United States as a cassette version with one bonus track.expanding the interest about the band.Old World Records from Germany also asked for a track for their 'Repentinium Venenum' compilation Cd.After a few months of local gigging,vocalist Fabio leaved the band due to personal problems.Situation was rectified with bassist Andy taking over vocals as well.Summer 1992 brought the revamped three piece playing outside Italy for the first time.hitting France and Portugal with very successful results.Especially guitarist Tommy showed quiete extraordinaire talent playing keyboards and guitar parts almost at the very same time.without any help from sequencers or Midi gear.and throwing in top notch leads usually found in other more advanced musical styles.Meanwhile new songs were composed.showed a definite progressing and innovative direction belnding metal parts with unusual orchestral arrangemensts and classical stuff!
Subsequently.the band signed with Nosferatu Records clearly impressed by the trio's stunning growth.Nosferatu Records gave Sadist what they really needed:a big studio budget to transpose on album their innovative sound.The creation of very first orchestral progressive Death opera 'Above The Light'.Sadist' debut Lp/Cd took in place in two diffrent studio's.from January to March 1993.with Schzo's man Alberto Penzin at the production helm.and from the eerie beginnings of Nadir it's clear that 'Above The Light' is afresh album where totally diffrent song styles meet to re-elaborate a highly technical hyper-feeling metal performance.This epic debut release is destined to impress all those into untrendy extremisms.and Sadist are certainly not scared to face the risk of drowning into a sea of musical mediocrity...



Yes.I think that most of you have heard something about DAMNATORY from Switzerland.
This band was formed in October 1989,and after a short time the first rehearsal demo was recorded,'The Orge'in June 1990.The first studiodemo called 'The persistance of...'was recorded in February 1991,and it sold very well and got good responses in several magazines.This demo is sold out(also the reh.demo).
'In my darkest Visions...',a promotiontape recorded DEcember 27th.1991.was never released.I don't know why,but I think the band wasn't satisfied with it.
In the beginnig of 92,their vocalist Marco Gemmet(you know,the guy from Darken Art) left the band,and another vocalist was found in Mario Burgener,also a second guitarist joined the band,Zuber Wenzel (both from Malevolence).
So time goes by,and after an interesting offer,their debut Ep'hybridized Deformity' was released July 16th 1992 in clear vinyl.
The newest release is an Mcd,released in March 1993,and contains four tracks of Deathmetal,which becomes more technical because of the second guitarist and the new line-up.
Damnatory has also played 23 gigs in Switzerland so far,with some known bands like Samael or Disastrous Murmur.But they never played outside of Switzerland!
Damnatory has released the following things after they were formed:
THE ORGE - first official reh.tape,June 1990*
THE PERSISTANCE OF... - first studiodemo,Feb.1991*
IN MY DARKEST VISIONS... - unreleased promotape,Dec.27th 1991*
HYBRIDIZED DEFORMITY - debut Ep,July 16th 1992
DOCTA IGNORANTIA - 4song Mcd released March 1993

PLEURISY.a bizarre Deathmetalband from Holland.Ever heard their 'My Favourite Girl' demo?Not?And I think you knew nothing special about the band.it's time for an article!Formed in the middle of 1989 under the name Crypo by Mathieu van Hammersveld and Edwin Aederkoorn.Only influences at this time were Iron Maiden and Black Sabbath.and besides that the only bands they knew.Although they couldn't play a note.they tried to translate their influences into a very agressive way.So after a few months a drummer was found in Roland Bransen.At this time they decided to change their bandname into PLEURISY and they began to develope their musicstyle.But then Roland left the band and joined a Grindcoreband.So Edwin want to play drums.but as he never played drums before.they were back at the beginning

A good year later they found Erik Muchall as a new bass/guitar player.he also couldn't play a not but was motivated.After practicing and rehearsing a lot.a first rehearsaldemo which featured 3 tracks was released.At the end of 1992.a second guitarist.Winfried Koster joined the band.'The Everlasting Silence' was a first real demo.and recieved nice responses.They started to wrote new songs.and they were becoming much more technical.After Mathieu decided to sing and not to play guitar any longer.a second guitarits.Alex Seegers.which also played in Desultory.After some months.'My Favourite Girl' was recorded.A good demo with professional cover and recording.it's available for 7 $ evrywhere!

DAWNFALL are from Germany and they play some kind of Blackmetal music. They were fromed in 1991 with another line-up and another name. After some month this band broke up. Tork(guitar/vocals/bass)and Targod (drums / backing vocals) reformed the band fter a half jear and started with the concept of DAWNFALL. Then,in January 1993 there first demonstration tape'Mysterial Darkness' was released.
In April 93 MEDIRA(bass) joined the band.but only for three month. and then he left the bnad. In the first half jear this jear. DAWNFALL recorded their second demotape called 'Dominance Of Darkness'.it contains 11 songs and has a playing time of 40 minutes.The band is also working on new material which will be sung in german.
In the near future,they will start to leave the Blackmetalscene.because there individuality can not be beward enough. But they say that their music will stay dark & depressive.For contact,write to the following adress.The first demo can be ordered for 5$ only.

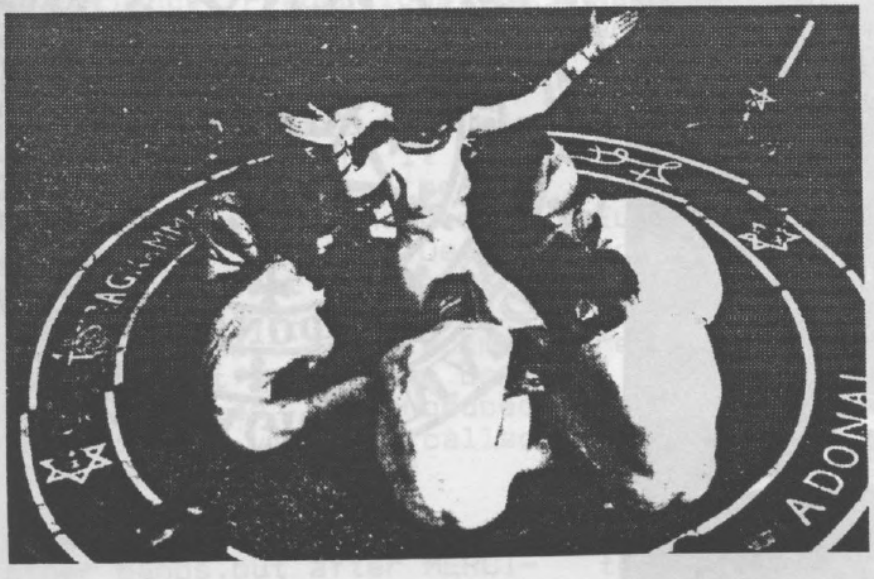
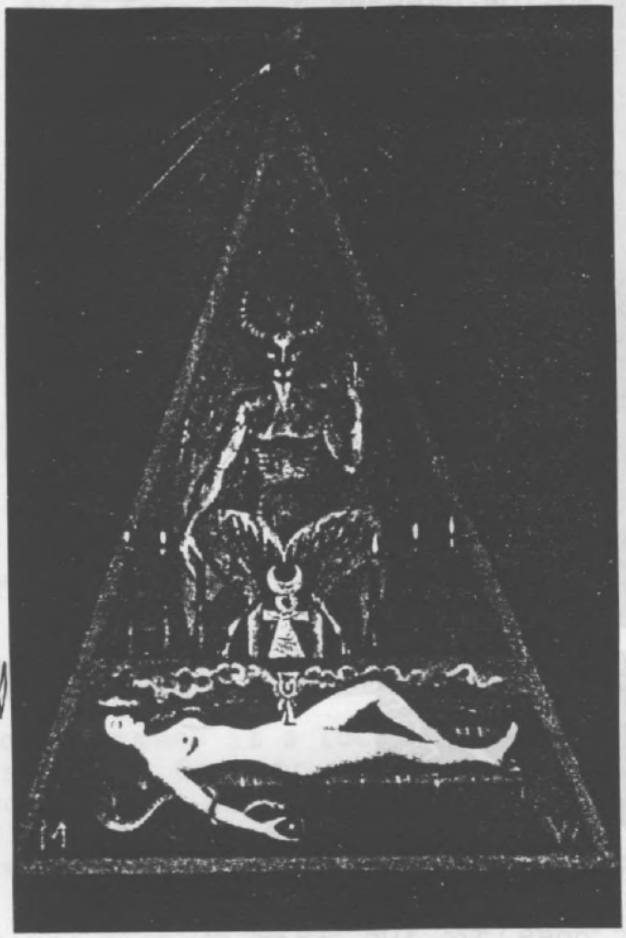
THY KINGDOM COME!

Aleister Crowley was one of the biggest modern magicians coming from England.Formerly member of the Hermetic order GOLDEN DAWN.he founded the ORDO ARGENTINIUM ASTRUM and the THELEMA ABBEY.which found many branshestablishments with the same name.The modern english satanistic cult was showing us.from the wellknown HELL-FIRE CLUB up to Aleister Crowley an enormous variety.Some say that there are more than 600 unions in England today.1920-24.the italian THELEMA ABBEY.the notorious orgy-monastery of Aleister Crowley.who published the LAW OF THELEMA as a new religion.was a place where the secret rites of the ORDO TEMPLI ORIENTIS(OTO) where practiced.The Headquarter of THELEMA was near Italy.in Switzerland.which was becoming a catchment of many satanistic Organisations after the second world war.The suisse writer Horst Knaut was a man who wants to fathcom the religious theories of the THELEMA ABBEY.He showed the BLACK MASS OF THELEMA in an very impressive way.
"Although the rituals for the ceremonies of THELEMA were mostly secret ones.nowadays it's wellknown that sex is one of the biggest connecting links of this religious community's."



One of the secret rituals of the ORDO TEMPLI ORIENTIS(OTO) were shown us in departure like the following part:
"....the master from the chair goes to the latar:In Nomine Sator.Etan!In Nomine Baphomet!Hel-Yac-Yin!Jallah!I call and conjure you.strength elements of fire!Come into my hands.in my heart and my brain!And give me the power to awake the snake!(Givin' a sign to the priestress.which goes to the master at the chair).
The master makes a sign of the pentagram over her Head and speaks:The power of the snake.of the old dragon.will awake at you.daughter of Lilith.I will rise from the dark of your Lap and flow in with all my power and strength from Oridaphne!
(Priestress sits down and gives a dagger to the master)
The Master goes to the Altar.kisses the dagger and lay it down.Then he goes back to his chair.
Master:Daughter of darkness.do you know who I am?
Priestress:I know who you are!
Master:Daughter of the burning star.can you feel me?
Priestress:I can feel you!
Everybody:OM-OM-RAHALON!

Master:Daughter,give me the sign of perception!
Priestress:Placet Magister!
Master:I don't know who you are!
Priestress:Jallah!(Opening her coat)
Master:I don't know whoy you are!(Also opening his coat)
Priestress:(Throwing her coat away,standing infront of the Master,nude)Jallah!Son of Osiris,do you know who I am?
Master(Throwing his coat away,only wearing his mask and the silver Pentagram)
Priestress(Throwing her arms down and grasping the magus' penis.Is it big and strong,she lay down on the latar,straddle her legs to recieve the Masters penis in her vagina)
At this moment,all brothers and sisters stand up,forming a chain and singing:Jiiyallah!Jiiyallah!
Now the Master of ceremonies goes to the priestress and the



Master,holding a black Cock and throw the Cock's head away(with the dagger).The blood has to flow on the pair!
Everybody(singing louder)Jiiyallah!(with more tempo!)
A short time before the ejaculation,the master took his penis out of the priestress vagina.The priestress lays the left hand on the Masters buttock,and with the right hand she masturbate.Before the ejaculation,the Priestress cries loud and throw her finger into the Masters anus.With a loud crie of everybody the ceremony ends.

(...to be continued in the next issue 3)

WARNING:DON'T PRACTISE SUCH SECRET RITUALS!SATANIC RITUALS LIKE THIS ONE FORM THE ORDO TEMPLI ORIENTIS ARE DANGEROUS!

DEATHLIKE SILENCE PRODUCTIONS

I think most of you know that Euronymous(Mayhem). who founded Deathlike Silence Productions.was killed at Wednesday .11th of August this year.The interview I send to him and which I want to use for this issue is delayed, because he couldn't answer my questions. he died before he could do that.
So I want to write an article about his label Deathlike Silence Productions, to tell you something about him and so on.

I'm not sure when D.S.P. was founded, but I think it was around 1988/89,after the release of the first Mayhem vinyl in 1987 called 'Deathcrush'.The first band he signed on his label was MERCILESS,which wasn't a Blackmetal band,but an extreme band he liked , so he produced their first vinyl/Cd called 'The Awakening'.

After that he signed several other bands,but after MERCILESS only Blackmetal bands signed on D.S.P.

ABRUPTUM & BURZUM recorded their debut albums for him, and the good responses & sellings of his releases decided him to sign more 'true' bnads and to produce more and more.At this time D.S.P. was becoming one of the biggest Blackmetal labels in the world.

Everything was selling good, and more releases were planned.But after his release of the ABRUPTUM Lp/Cd 'Obscuritatem Advoco Amplectrere Me', he got several problems with the police and so on, so his newest release, the brandnew BURZUM Mlp(Cd 'Aske', was delayed for a long time.

And around June or so,this release saw the light of day after a long time. He also wante to release more this year like:
MAYHEM - De Mysteriis Dom Sathanas Lp/cd
SIGH - Scorn Defeat Lp/Cd
ENSLAVED - Vikingligr Veldi' Lp/Cd
and so on.....

The new MAYHEM Lp/Cd was finally recorded and mixed,and he wanted to release it at the end of August '93, but it never saw the light of day(maybe the other MAYHEM members want to release it, but I'm not sure)!

Euronymous was killed(and nobody knows who killed him!)at the 11th of August 1993,before he could finish his newest release.

So Deathlike Silence Productions is only a fist full of sand now, maybe some of his friends will continue with his work and release the things he want to bring out, but it will never be the same.
I hope the police will find his murder and took him into prison,I really hope so!!!

Now one of the biggest and most interesting Blackmetal labels is dead, and I think there will never be such a label which signed such great bands like ABRUPTUM,ENSLAVED, MONUMENTUM or SIGH.

Planned releases from August until November:

MAYHEM - De Mysteriis Dom Sathanas
SIGH - Scorn Defeat
ENSLAVED - Vikingligr Veldi
MONUMENTUM - In Absentia Christi
ABRUPTUM - In Umbra Malitiae Ambulabo In Aeternum In Triumpho Tenebrarum
TORMENTOR - Anno Domini

HAVE THEY RELEASED ANY DEMO'S YET?
"They recorded their first one in the same studio here we recorded our first album."

WHEN DO YOU WANT TO GO BACK TO NORWAY?
"We..will go back on Sunday."

AND...WHO'S DOING THE ENDMIX NOW,MAYBE MICHAEL?
"I think our producer and Michael will do the endmix at the Vienna Powerstation."

INSOMNIA

INSOMNIA began in January '92 as Church Of Misery,a doom-oriented band formed by Stephen M.Dobbins(guitar-vocals...also a member of Impetigo and a former member of Act Of God)and Neil Hardesty(guitar...former member of Naked Hippy and Act Of God).The two wrote a handfull of slow,brutal darkened dommmetal songs with morbid overtones and through a difficult time of line-up difficulties,recorded(as a two-piece)the demo'Sorrows of the Moon',which contained twenty minutes of dark and ominous dirges of despair...during the recording,the pair recruited as a drummer Brett Fugate(also a member of Angelkill and Molotov,and a former member of Coma),and a couple months later,bassist extraordinaire Tom Kirk(also a member of Crepitus)...with a full line-up realized and the successfull release of 'Sorrows of the Moon'demo,the band began writing some new material...in February 93,they played their live-debut in Peoria,Illinois with a few alternative act's...the crowd response to Chuch Of Misery was quiete a surprise to the band,who played both ballads from the demo,as well as a couple of new tracks,and also a cover version of Nemesis' 'The King is dead''.In March of 93 the live show became available as both and audio tape and a video,entitled'Live by Candlelight'.It was around this time that the band decided a change was in order...While the 'Sorrows..'demo was very well recieved by the underground,the bands newer material drew more on influences by 70's style doom bands,but still remained faithful and true to classic domm metal,and even contained shades of powermetal...in April of 93,Church Of Misery became Insomnia,a name which would defy description or classification,the band is Doom metal and nothing else...the new material clearly defines Insomnia as a band that the true fan of Doom metal will love,as the material is twice as heavy as before,more varied in style and content,yet true to the bands that influenced the genre...gone also are Stevo's deathly growls and mournings,he now sings in a dark,yet oddly melodic style but with agression and anger...the lyrics are about a variety of topics,such as anger,depression,violence,hatre,betrayel,confusion,loneliness, pollution,greed,opression...Insomnia strive to be a totally underground band,completely rejecting the rockstar attitude and money-making attitudes that are present all too much these days...soon,the final Church Of Misery recording will be released,problably as a split-Lp on the german Tales of Sadness,though nothing yet is confirmed...at that time,Insomnia hope to have a promo tape out,and will probably release something with Wild Rags Records,if all goes well...the'Sorrow...'demo is available for 5 U.S./6$world,the 'Live by Candlelight'audio tape is 4 U.S./5$ World,the video(VHS-NTSC format only)is available for 12$U.S.,for a limited time only!!!For more info,write to the band:

ORDER FROM CHAOS

ORDER FROM CHAOS is one of the top Death/Blackmetalbands coming from America so far,and I think this band must get an article in my zine.
Formed during 1987,and after three demonstration tapes,their final demo called 'Crushed Infamy'(1989) garnered them attention of the french recordlabel Putrefaction Records.The 7" inch Ep entitled 'Will To Power'(1990) was released in a limited edition of 1100 copies and sold within two months.
Wild Rags Records who distributed both of these releases.was interested in signing them and releasigf a full length debut 'Stillbirth Machine'.This album was recorded during the winter 1991 with the promise of releasing this in July on all three formats.
But after several details which were discussed.no contract was signed,and after several delays etc. Order From Chaos broke up all relations and seeking for another label.
Decapitated Records from Greece got interested and released this album on all three formats,while Wild Rags also released the this on all three formats.
This album was promoted by the band with some several gigs in America.and they also opened the shows for Bolt Thrower!

At all.'Stillbirth Machine' is one of the most heaviest albums which rotes in the the early's 80's european tradition,original,powerful and bombastic.proves that you don't need trends and fashion to produce great metal.A bunch of agression and a few riffs will do nicely.

ABSORB

ABSORB is a Deathmetalband from Germany,who was founded October 1990 as a trio.The band rehearsed and wrote 8 songs,but then they got several problems because of the music style,and every member thought about another music style,so they split up.
A Band called LAST SACRAMENT was looking for a new guitarist,and Pfisty from Absorb played guitar in this band.
But again they got several problems with the music style,so the line up changed and Rancey played bass at this time and the old Absorb drummer Jochen went to the band.
The first output was 'Last Regain',which was recorded on 8 tracks.After some gigs and good responses,the band decided to record a second demo'The Call',which was professionally recorded in a 24 track-studio.
After some bigger gigs,they were writing new material,and 10 songs are written now and will be released as a demo or hopefully as a Cd.At the moment the band is looking for a second guitarist.
You can order both demo's for 5$(first)and 6$(second,new one),also a shirt for 10$ each copy.If this band got your interest,you can write to them or their mamager Otto Raab.

D.A.B..or DELAYED ACTION BOMB,a band from France who plays s
kind of Deathmetal with some thrash influences too.
Formed in the beginning of 1990,it was a Hc/Grind coreband
first time.After 10 months of rehearsing,they recorded th
first demo tape'The End',and got a deal for an Eastern Eur
tour in Poland/Czechoslovakia,the 'Massacre tour'.
In January they put out a second demo called 'Power Of Hate',
got proposition for gigs in Italy,spain and Portugal.In Aug
1992,the band went into the Deathmetal vein and changed
line-up.October 92 the third demo,'Alice In Horrorland'
finally recorded in a studio,and got a real success in
underground scene with a lot of good reviews in m
zines,magazines and radiostations all over the world.Today t
come back with with a new drummer,and the line-up is
following one:
GOY - vocals
ROY - bass
RICH - rythmn' guitar
JLD - lead guitar
DEN - drums

BELIAL

OW WE HAVE BELIAL FROM OULU.FIN-
AND HERE.I THINK MOST OF YOU HA-
E HEARD SOMETHING ABOUT THEM AND
HEIR DEAL WITH LETHAL AFTER THE
ELEASE OF THEIR GREAT DEBUT DE-
O.NOW THEY RECORDED THEIR FIRST
ULL LENGTH CD.TIME TO ASK JARNO
OMETHING.BUT I HATE SUCH INTRO'S
SO LET'S STOP HERE AND READ!!!!!

OW...AT FIRST LET'S TALK ABOUT
OUR FIRST FULL LENGTH CD.I HEARD
OU FINISHED THE RECORDINGS!
Yeah.we recorded it in mid of
ay XXVIII a.S. in the same stu-
io where we have done all our
ther stuff. Word spreads quite
ast.'cause you too know about
t(Yes,but I got the info from
ethal Records-ed.)."

HEN DO YOU THINK IT WILL BE RE-
EASED.MAYBE THIS YEAR OR LATER?
It will be out in early October,
f Lethal don't fuck up badly.
irstly it should be out in Sep-
ember,but it will be delayed a
it and then it will be released
n October."

OU'RE PLAYING SOMETHING BETWEEN
LACK/DEATH, I THINK(AFTER I HEARD
OU DEBUT MCD). BUT...IF I WANT TO
SK YOU NOW,WHAT WOULD YOU SAY?
My lyrics do have some kind of
iew of my beliefs. Yeah, you can
ee that belief quite clearly on
he Mcd,but it is hidden well on
he full length and you can not
ee it so well.But the same spirit
ives always on my lyrics. I think
we play just Deathmetal with bla-
kened lyrics."

RE THERE ANY INFLUENCES FROM
ANDS WHICH ARE NOT INTO METAL,LI-
E THE DOORS FOR EXAMPLE? DO YOU
ISTEN TO OTHER MUSIC BESIDES ME-
AL?
There are influences from bands
hat are not into metal like The
oors and from U2, The Fields Of
ephilim,Laibach, Diamanda Galas.
do listen mostly apart from me-
al like mention above and few
thers."

WHY DO YOU USE A KEYBOARD AT YOUR MCD?ARE THERE ANY NEW PARTS ON THE NEW ALBUM?
"Keyboards are so intensive instru ments that you need to use them to create certain sound. We thought that our tracks would sound better if we use them and so they do.Yes. we do use keyboards on our full length release."

TELL ME SOMETHING ABOUT YOUR LIFE. DO YOU PREFER LIVING LIKE ALL OTHER PEOPLE. OR DO YOU LIVE LIKE THE 'REAL SATANISTS', ALONE IN A SMALL VILLAGE OR IN THE DEEP & COLD FORESTS?
"I live a pretty normal life.And I still do believe in same things and I have same beliefs than what I had a year ago. How do these your real satanists live then????? For me I can be satanist and so real as I want to be even when I live with my girlfriend in a town."

ARE YOU POLITICAL ? YOUR OPNION ABOUT THE THINGS GOING ON HERE IN GERMANY?
"I'm not into politics. Nazi scum fuck off!I'm not against the peop-le who are coming from elsewhere into our countries . Things what happened in Germany are total shock for me, 'cause I'm against violence, animal abuse etc (Yeah, you're right man!-ed.)."

WHAT IS THE SCENE FOR YOU? DEAD OR ALIVE?
"Sometimes it is dead.and sometimes alive. I have those regular pals with who I do write with quite of-ten and then there is people who write to me first time. Of course,I answer them if I can get an I.R.C. or dollar for it.But I don't care so much about the scene anymore, so I can't say my answer."

I READ IN ANOTHER INTERVIEW THAT YOU REALLY HATE NORWEGIAN BLACKME-TAL BANDS.WHY?
"Almost all of them are fakes, who just have been into blackmetal af-

SHR001 : TEMPERANCE - ONE GRAVE

most people have described this band as one of the few original ones to come from Sweden !! If you're into original death thrash with obstinate breaks and songstructures combined with powerful grinding rhythms, which DO NOT sound typically swedish then you must check this one out !!

SHR002 : RENAISSANCE - TIRED BLOOD

virtually everyone who've heard this band is really ecstatic about their material ! You can't pigeonhole the band as just another gothic death/doom metal act !! And just when you thought you heard it all, there's always a band that will surprise you ! THIS could be THAT band !!

SHR003 : MORDANCY - THE PROGRESSIVE DOWNFALL

one of the best and definately one of the most technical dutch death thrash metal bands around ! If you think a combination of great death thrash and pure intense brutality is your kinda thing, then this is a band you will love !!

COMING SOON : the debut EPs from :

ACRIMONY : UK doomy death metal with some serious pounding beating
CASTLE : dutch pure doom death metal, slow, melancholic, and great
CAUSTIC : a great & very professional danish doom death metal band
HYBERNOID : original and rather industrial sounding UK death metal
MYSTIC CHARM : great brutal death metal with extreme female vocals

RENAISSANCE - THE DEATH OF ART CD : yes it's coming (November '93) This CD will come as a real surprise to friends and enemies 'cause the band has progressed even more than on their EP and have now become really INNOVATIVE ! Look out for this CD, it's gonna be...

YES,AND THAT'S IT,GUYS. IF YOU
TO GET IN CONTACT WITH JARNO,

Absorbed

In Thought

ABSORBED INTHOUGHT is a progressive Thrashmetal band from Munich here in Germany.and although they play Thrash(which is not my music),I liked their demo.so I thought that it would help the band to write something down.
1989 Florian Senfter.Maurizio Guolo and Simon Rieger formed Absorbed in Thought under the name Obscurity.Before the first promotion tape called 'So tell me...'.Stefan Pietsch was found as bassist.so the line-up was completed.
But a short time later.S.Rieger left the band because of several problems.
They played some gigs around Munich to spread the band's name.and so the band went to the studio to record their first serious tape entitled 'A Mind Prison'.This 2 song tape sold around 100 copies.but then it wasn't possible for them to rehearse because they lost their rehearsing room.A half year later.another place was found.so they worked on their second demotape.At this time they also changed their name into Absorbed In Thought.
In April of 1993.their 'Kolibri' tape was recorded at the First Take studio on 24 tracks.It includes a full coloured cover and lyrics and is available for somethnig like 4 - 5$.
To contact the band.you have to write to this adresses:

CALVARY.I think most of you never heard from this band.am I right?Yes.it's a very new band which produced only one demo by now.But let's talk about the birth of Calvary...
Everything started with two guys.Jörg Göhlich and Sven Kosakowski.who want to start a bandproject at the beginnig of 88.but after they had seen that no rehearsalplace was found.they split up...
...but 1991.Jörg.Andreas Robl.Stefan Wittke and Dennis Albrecht formed Calvary under the name Dissected!Ca. a half year later.Sven played drums.So Jörg decided to do the vocals and Kristian Glaser was found as a second guitarist.
At the end of 1991.Kristian and Stefan left the band because of musical diffrences...
After a short time they found another bassist called Robert Babiel.But no lead guitarist was found.so they were looking and found Karsten Grasemann.who brought fresh feelings into the band!
So after many days of rehearsing and song-writing.they went to a studio to record their debut demo entitled'Evoked Damnation'.which was recorded in the Earth-Music studios on 24 tracks at October 92.
After this recording.Robert left the band because of several problems.Calvary doesn't play pure Deathmetal.more a mix between Death with some Gothic and Horrorelements.Calvary want.as they say.to make music for fans!The debut demo is available for some dollars(I don't know how much.but I think 4 - 5).so send your order or your letters to:JÖRG GÖHLICH

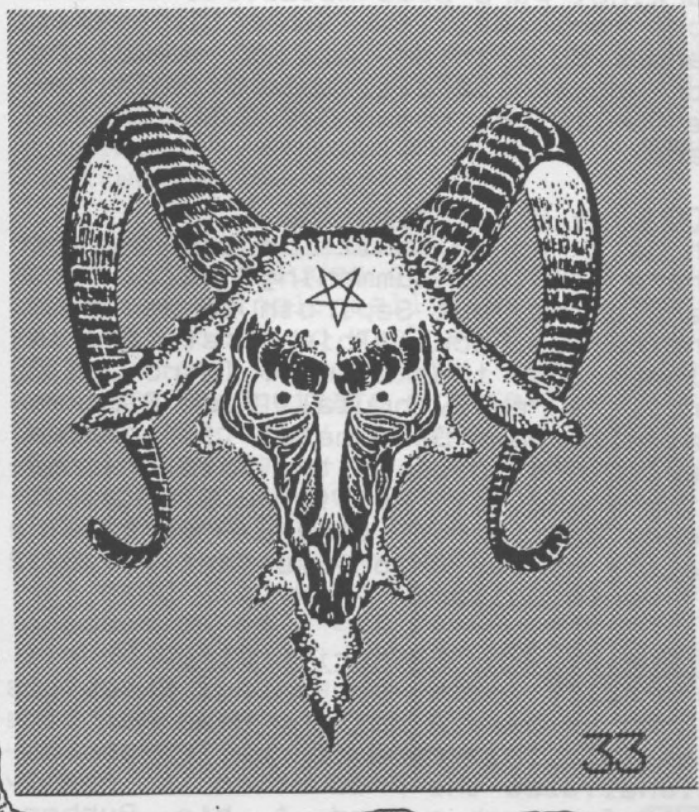
Editor is looking for Blackmetalbands only to feature them in forth coming issues of Hell's Palace.who's openminded should write!



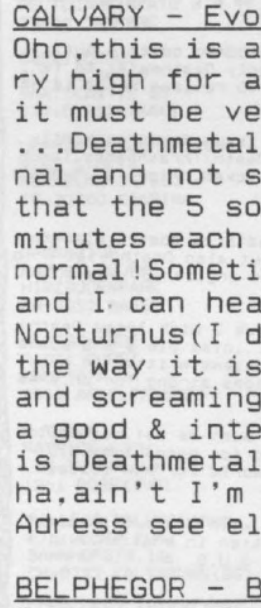
SIGILLUM DIABOLI - Descent into Hell
This band hails from Finland and pre sents an 4 song tape. professionally recorded in a studio.It's Deathmetal with a Harmonizer-voice which is rea lly extreme.The songs are really satanic, titles like 'Ave Satanas' or 'Winds of Blasphemy' speak for itself!Well,it's officially sold out, but for a blank tape + 2I.R.C.'s/dol lars you can get it from:P.Ilvespakka,Ratsutilantie 2 D,33960 Pirkkala. Finland

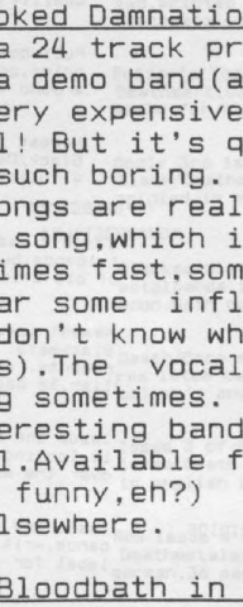
PANDEMONIUM - Devilri
This 7 song tape from the polish Black / Deathmetallers Pandemonium isn't that new, but it kills.The sound is very good for such standarts,the Layout/Inlaycard is glossy printed and professionally done. The sound is very slow, depressive and dark,not pure Blackmetal,but there's more originallity than in other bands. So I think this is something for you,for 5$ available from:Carnage,05-119 Legionowo 5,P.O.BOX 50,Poland

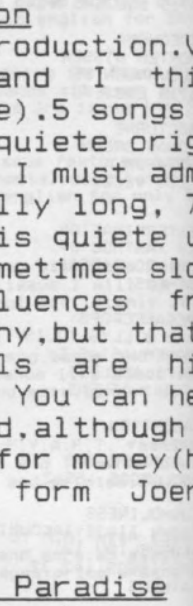
OCCULT - Studiodemo '93
Oh hell fuckin' shit! Do you remember who's Bestial Summoning? Well, these band split, but Sepiroth formed a new one called Occult!This first tape includes four tracks incl. Intro and Outro.it's really brutal! Fast Blackmetal with some Deathmetal influences. Sepiroth's voice is the total screaming sound of Hell! You,Blackmetalheads outthere , send 5 - 6$ to: The Battle Hordes,Antoniusstraat 109,5912 Ej Venlo,Holland

PLEURISY - My Favourite Girl
A really nice packaging, which is shown us here.A rotting Head on the top.This Inlaycard is really professional,also the production is really good for such a band. A big Rubberpoint to the producer, haha...! A about Pleurisy?Oh well,5 songs of b zarre,mid-tempo Deathmetal with so deep growls on it!But it's really r freshing Death,I must admit!Also wi some fast arrangements,of course!We ,if you like bizarre, good Deathmet with some melodic solos,this could something for you(for adress etc. s Article!)!!!

IMMURED - Toturemaster
Wee,Immured is something between bulldozer and a maschinegun! Oh r okay,it was a joke, but it's real brutal sounding Deathmetal with the deep Boltthrower guitars!The sound self is very good, because it was r corded in a studio. But I laways he this big Bolt Thrower influence (Which is good, because I like 'Rea Of Chaos')Four songs plus intro a outro are banned on this tape. For debut it isn't bad,a good one of co se!Yes,I think you should write th and ask for their demo!(adress et elsewhere)







CALVARY - Evoked Damnation
Oho,this is a 24 track production.V ry high for a demo band(and I thi it must be very expensive),5 songs ...Deathmetal! But it's quiete orig nal and not such boring. I must adm that the 5 songs are really long, 7 minutes each song,which is quiete u normal!Sometimes fast,sometimes slo and I can hear some influences fr Nocturnus(I don't know why,but that the way it is).The vocals are hi and screaming sometimes. You can he a good & interesting band,although is Deathmetal.Available for money(h ha,ain't I'm funny,eh?) form Joer Adress see elsewhere.

BELPHEGOR - Bloodbath in Paradise
One point that makes this demo su interesting is,that it's a demo Cd heard from demosingles,but Cd's...e pensive).The sound is unbelievab good and loud.But the music is quie normal Deathmetal which you can a ways hear from the big company-rele

es!It's something for you if you're oing a party or so,because it's mu-ic where you can listen and mustn't hink about it or such things. Limi-ed to 500 only and available for 12 r 15 Dm(I don't know really) at:Bel hegor,c/o Heli,St.Jakob 2, A - 5412 uch,Austria

ULMINATION - Throug Fire
his bnad reminds me at times quiete lot of Bolt Thrower on their War-aster Lp,although I would not call hem a B.T. rip off, no way! I guess ou can imagine what to expext, heavy eathmetal,that's the name of the ga-e.The voclas aren't in the grunt sty e,more deep raw vocals. At this demo as recorded in Gorysound studio, you an be sure of getting a good sound-uality.The bass is a bit too much in he background,but the guitars have a ot of bass in their sound and it is ery heavy.The drumsound is pretty ood,you can hear the snare+bassdrums ery well.I guess this is a promising and.This demotape(including 3 songs+ glossy cover w/lyrics) can be yours or 6$ from: Mats Berggren,Smulton-räand 14,774 62 Avesta,Sweden.

L RELEASES YOU SEE HERE ARE AVAILA E FORM:SHIVER RECORDS, c/o HANS DE NGAERT, AMERSTRAAT 112, 3200 AAR-HOT,BELGIUM.EVERY DEMO IS AVAILAB- FOR 4-5 $!!!

HUD - Promodemo '93
his tape includes 3 songs of slow eathmetal with some fast arrangemen s.The sound is a bit influenced by eath and Obituary,but the whole pro ction is really good!The songs are iete long and with complex drum-lements. There's real power behind he songs which sound really agres-ive and brutal. The voice is stolen rom John Tardy, I think. So you can ay it's quiete normal Deathmetal.

NTROPOMORPHIA - Bowel Mutilation
t the beginning there's a classical ntro with an orchestra. But after his intro, the brutality comes like Hammer smashes your face! This vox ust be from hell, because of their ickness and deep grunts! The sound s very harmonized & brutal anyway, nd I think it's agressive sound ever looses his power, and the pro uction's also very good, but not to lear anyway! Brutal Deathmetal with ome gore lyrics!

TENEBRIUM - Mourn Thyself
It's a quiete long demotape from the 3-piece band from Greece. They call their music Blackmetal, but I don't think that's Blackmetal, more Doom / Death with many keyboard backgrounds Yep, the voice is a whispered Black-metal voice,but the music isn't! Be-cause of it's mid-tempo drumming who sounds very boring sometimes, the long songs are tired! And 40 minutes is a quiete long time for a demo.alt hough the production is good and it includes a neat packaging!So I think that's no Blackmetal like other bands from Greece play!

MORTUARY - In Harmony With Brutality
Deathmetal! And again, what to say about Deathmetalbands! Puh, Mortuary play strange, but melodic Deathmetal with good guitarsolos.But it's Death metal. Sometimes I'm getting tired while always listening to such bands They are not as original as other bands,but their is some kind of ori-ginality anyway!A nice packaging & a good layout,the production is quiete good and...hmm...enough, if I always listen to this,I become mad,really!

MYSTIC CHARM - Endless sickness
What do you think Mystic Charm plays ,eh?Oh yes,you're good,it's Deathme-tal(again!).Not so fast, with some Thrash influences! A high, screaming female voice, not such deep grunts, that's good! 4 songs with a Keyboard background! But this guitars sounds very brutal and agressive, another positive point! It reminds me a bit on Benediction or so, I'm not sure ! But I know that I heard such a sound last time!Hmm...no,I don't know, but I like this band a lot. Good produc-tion,neat...ah yes, always the same last words,you know!

HYBERNOID - Well Of Grief
This demo includes only 3 songs, but that's original,really! Never heard such a good band with such ideas!Nor mal - high voice with some echo-effects.The guitars are really dis-torted, and they use special effects for the guitars to give them a more atmospheric sound, and this sounds really horrifying! Here I can say that this is a very good and origi-nal band with some good ideas. The production is a bit rough and unpo-lished,but that sounds good! Check out,guys,I think you won't be dissa-pointed!

ABSORB - The Call
Although this tape is quiete old(February '92).I like it!6 songs + intro and outro were featured here.Discribe this style as fast.complex Deathmetal with some slow parts. The production is very high standart . (If I'm right, it was recorded in a 24 track-studio) and that's a really good point!The cover is full -coloured and looks fine I think.This band is also promoted by our Otto Raab (who also promotes Daargesin), so I think you can order this tape at his adress:Otto Raab . Franckenstr. 13. 91052 Erlangen.Germany

ABSORBED IN THOUGHT - Kolibri
I got this tape from Florian, but it's possible that he don't know that I'm not into Thrash so much.But I wonder why I like this band with their complex Musicstyle.Progressive Thrash with a voice(reminds me a bit on Phil of Pantera) which isn't such deep or high , more a normal vocal sound.4 songs were shown us here on a good layouted tape with full colou red cover!And once again this sound is very good(I wonder where bands got the money to record in such a high quality standart!). So if you like Thrash you'll have to write to: c/o Florian Senfter. Plinganstr.132. 81369 München.Germany

DAWNFALL - Mysterial Darkness
This first demo is really...hmm.what is it?It's german Blackmetal(as they call it).but if I look on this booklet I must laugh, because the cover is such silly and childish. I could n't believe it.But this band got my interest.because I like their music a bit.It's not a band who can't play or so. Fast and slow parts often change, and the guitarsound is a bit strange.The drums are nervous.because of their 'tac-tac' sound.but anyway.I like their music a bit, so I think if it got your interest, send 5$ to Targot!Adress elsewhere!

DAWNFALL - Adv.for 2nd Demo
Oouuh.this guitar sounds like a wasp 's nest.always this 'bbbbssss'sound makes me nervous!They're not so fast as on the first demo, but it isn't better and not a step forward.I think.It's a mixture between Doom & Blackmetalriffs which are very simple.Also a background choir is there, but I think it wasn't a good idea anyway!And when I'm listening to it all time,it makes me tired! I prefer listening to the first one!

GORGOROTH - A socery written in blood
Hahaha.if I'm looking on these photos I must laugh because they're dumb! Sorry guys.but I think it looks like a Carnival and not evil! As for the sound,it's not that good produced! But not that bad anyway!The Bathory-influence is big and it sounds like 'The Return...' sometimes , but the diffrence is the voice.which is abnormally high.I think if they rehearse a lot & make some better photos,a second demo will be a bigger success !The first one is available from:c/o Infernus.Box 21,6995 Hellevik,Norway

HERPES - Bastard Trades
This sound is awesome! I think this production has a high standart. But this music is also good!Really good! Deathmetal with a little Thrash- influence here and there.melodic parts ,and this vox aren't that grunts we often hear from those uninteresting clones!4 songs with a looong playing time and a b/w.printed cover which shows us a bandphoto.Really interesting,and available at this adress:

AVULSED - Deformed Beyond Belief
This new 5 song demo,recorded on 16 tracks.includes excellent,full-colou red packaging & pro-copied tape.Fast and agressive Deathmetal with a big influence form Immolation and Carcass I think. Perfect timing and really nice lyrics, so this new one is a big step forward! I think that Avulsed is one of the best bands in their country which plays really awe some and refreshing Deathmetal which never sounds boring anyway! So order for 5$(Europe) or 6$(World) at:Drowned Productions,P.O.Box 39048. 28080 Madrid.Spain

MORNINGSTAR - Inside The Circle Of Pentagram
Yes.Morningstar...their promodemo is lying here on my desk. and what I'm hearing here is really good!I wonder about this good sound. so I think it was recorded in a studio. 6 songs +intro and outro.Hmm...black-influenced Deathmetal with an untypical ,high screaming voice.Sometimes they remind me on Hellhammer because of the strange guitarsound. but I must admit that I like this band! You can get it from Sinister Satyr & also Osmose.But send 5$ to Sinister Satyr (adress elsewhere).

APPOLGON - End
Hmm.I look at the photo and I can see five guys, three wear Warpaint and two others look like Hellhammer-members.But there's no Blackmetal anyway.but Deathmetal. Nothing special or new, but it sounds very good and although this is the 2nd one.I must say that it's nothing for me. I like to listen to it,but I can't say that they are my faves or so. One point that makes this band interesting is the background with keyboard parts.Send 4-5$ to: Mike Andersson. Rosenborg SV 1/37143. Karlskrona,Sweden

SICKNESS - XXX
Oh my god,if you're listening to this 3 song demo,with full coloured cover and photo,your brain will explode and spurt out of your head with an ugly voice.This 4 guys play the most brutal Death/Grind ever made in Germany. The good timing & soundquality, mixed with an total screaming voice is awesome!4 bucks must be enough. So hurry and send them to:Markus Klossek,Otto-Heese-Str.2.14641 Nauen,Germany

CASED - Promodemo
This Demo features 2 tracks and an intro.Cased is a very unknown band, and this tape was recorded to give the band a name in the underground! But I must admit that the sound really sucks.it's not the best. This

metal with an high, screaming
which doesn't sound that wel
think this isn't a very orig
band which shows some new ideas.
if you're interested you can get
for 3 or 4 bucks(I'm not sure) f
THRASHING TEETH TAPES.LOEJPEN 4.
VEJLE.DENMARK

D.A.B. - Alice In Horrorland
Yeah,this is a really good one.
cover & layout is really profess
nal.The production is really g
for a demotape.4 tracks of Death
tal,mixed with some Thrashinflu
ces.The songs are long, with a g
timing and melody,but the brutal
of this band never ends.And the
are not those grunge/growls,you
always hear while listening to
1001 clones.I think that the
'Abyssus...'demo is out now, so
can order at this adress: D.A.B.

HERIT - Drawning Down The Moon (Spinefarm Recs)
you remember?'The Oath Of Black Blood'.a bootleg printed thout Beherit's permission.But this new Lp/Cd shows the REAL lent.Ultra-brutal Blackmetal with an atmospheric and powerful yboardbackground and a voice(or better whispers) comin' from e otherside!A killer album which includes good packaging and tracks of pure fuckin' mayhem!Although the production could better.this is one of the best B.M.releases in 93!Get it!

YHEM - Deathcrush (Deathlike Silence)
yes,the legendary 'Deathcrush' Mlp/Cd.released 1987 a.S. is w reprinted by Deathlike Silence(R.I.P.)!7 songs of pure ackmetal with an high,screaming voice!I think there's nothing re to add about this killer!You can get it from some stributors like Osmose etc..ask!

AD - Slaves To Abysmal Perversity (M.M.I. Recs)
ter their first,great Ep.which was sold out in a very short me.their new 4 song Vinyl in green Wax is a pure killer lease!Decorated with a nice Coverartwork.the 4 songs show us much brutality,speed and sickness as it's possible for this ys!The harmonizer-influenced voice also brings a lot of sick owls and other nice effects.I think you should check 'em t.If you like it,send the necessary 5$ to M.M.I.(Adress see lstice)

THERIAL WINDS - Saved (M.M.I.Recs)
ell,this Mcd from the dutch band Etherial Winds is a mixture etween Death/Doommetal with an atmospheric eyboardbackground.There's also a big influence from Paradise ost' 'Gothic' I think.Well,it's sometimes melodic,on the other and slow,and then with some fast elements etc.This Mcd really ot my interest,because I like their style and the music tself,so if you're interested,you should write to the abel(Adress see Solstice)

MPERANCE - One Grave (Shiver Recs)
kay,this is the thired Shiver release!B/W cover,two songs with normal,good production.Typical Deathmetal with some slow and lso fast elements,also the typical Death-voice.Well,I don't ke this Ep that much,but if you don't think so,you'll should end 5$ to them.

HLEBOTOMY - Well Of Grief (Shiver Distro)
h hell yes,if you took Paradise Lost and and Tiamat plus some rumcomputer effects,an female background,you will get a very ood,brutal and atmospheric release!This Ep is available on assette and vinyl and available through Shiver distribution for $!!!If I were you,I would buy a copy,because it's a really resh release which is quiete unnormal for a boring D.M.scene ith hundrets of clones all over the world!

NECRONY - Pathological Perfromances (Posers|aughter Recs)
Well,do you remember which overwelmthing response their Ep got?Okay,this debut Cd with a clear,professional sound,is far away from normal standarts.This two guys brought so much professionality,freshness and originality,I couldn't believe it.12 songs with a playingtime of 54 minutes,a lot of good backgrounds and effects.This is one of the best D.M.releases coming from Sweden this time!Write to:Poserslaughter,P.O.Box 41,10205 Berlin,Germany.

MERCYFUL FATE - In The Shadows (Metal Blade)
The legend is back!After their split in 85,the King returned with a new album,following the footstep's of 'Don't Break The Oath',Together with more experimental lyrics and a various sound,heavy and fresh,also with atmospheric elements etc.But what I'm talking all day long,this album is a must for everyone.Like in the good old days!!!

MORDANCY - Progresive Downfall (Shiver Recs)
Well,it's a Deathmetalband!A two-song Ep with a good production and a glossy b/w cover.A pure Deathmetal voice which reminds me a lot to Death(maybe) and the others.Sometimes slow,but also with fast parts.Nothing special,I think,but if you like it send 5$ to them.

RENAISSANCE - Tired Blood (Shiver Recs)
Doomy Deathmetal,really slow with very atmospheric arrangements.Also a keyboardbackground!The production od this Ep is very good for such a release,but some things could be better!But nevertheless I like listening to thisband 'cause of it's originality and atmospheric sound.A Cd will be out soon on Shiver,so watch out!Also available for 5$.

EXTREME SMOKE - same (Psychomania Recs)
Before the split of E.S.,this Ep was their last release,maybe to say goodbye or something.Well,the production is good and with a lot of power,the songs are fast,agressive Grind iwth growls(hoho!).A simple,funny cover and Inlaypaper with photos and so on!I think it's available for 5$ at this adress:Psychomania,4 Fenton St.,Alloa,FK2OT,Scotland

7 M.O.N. - XX (Psychomania Recs)
Okay,one side is live and one recorded in a studio.The liveside is...chaotic!I don't know how much songs,but it sounds like a storm or something else.But I think most of you know that Seven Minutes Of Nausea is one of the most brutal Noisebands.Yo,maybe 400 songs,noise only and a funny Ep in clear vinyl,available for 5$!

BLACK CRUCIFIXION - Promeathean Gift (Lethal Recs)
Black Crucifixion from Finland play some kind of Black/Doom/Death with an very atmospheric touch.This first Mcd features 6 songs of slow,depressive music with keyboardpassages,heavy avantgarde Doom/Black with an very untypical vocalpart.The production and coverdesign itself is very professional and really kills.Available at your recordshop ,trough my distribution also and Lethal directly.Write to:LEthal Records,P.O.Box 846,A-1011 Wien,Austria

GORE BEYOND NECROPSY - This Is An Ep You Want (M.M.I.Recs)
Ohoo,this must be some kind of industrialmuzakgrindcoresynthesizerdrumcomputersplattermusic!4 songs incl.intro and outro with harmonized,ugly voices and cool drumsounds.I like this Ep,really,and if you like Harmonizers and extreme guitar/voices,you should send 5$ to M.M.I.(Adress see Solstice)

MAYHEM - Live In Leipzig (Obscure Plasma Recs)
What to say about this?Nothing.Absolutly great release,good sound,good design etc.This is a must!But hurry,be sure that this Lp/Cd will be sold out very quick!

NIGHTFALL - Parade Into Centuries (Holy Recs)
From Greece comes this Doom/Deathband,which recorded their debut Lp/Cd for the french Holy Label.(The Lp is available in a limited edition).Well,slow music with some keyboardeffects and some melodic parts.The vocals itself aren't high or deep,nore mormal with a melancholic touch.This good release with a perfect sound and a professional layout is available for 18$ from:Holy Records,4 Bld Gutenberg,F.93190 Livry-Gargan,France

MISANTROPHE - Variation To Inductive Theories (Holy Recs)
This new Cd(only!) release from the french Misantrophe shows us,with 11 songs,an enormous variation of music and atmospheric,very experimental stuff,also with Thrash-and some other influences!Very experimental release,available for 18$ I think from Holy Recs.

GOD FORSAKEN -Dismal Gleams Of Desolation (Adipocere Recs)
8 songs of very doomy Deathmetal,decorated with melodic parts and an impulsive voice!After their Ep under the name Putrid,God Forsaken made a big step forward.This Cd with a good and powerful production is a fresh and interseting release.The Cd itself has also a nice bonus,it's in gold and not silver like normal Cd's.And a glossy Booklet inside!Well,if you're a fan of good and interesting music,you should send some money to:Adipocere Records,152 Rue deas Acacias,01700 Miribel,France

AWAKENING - ? (Adipocere Recs)
Deathmetal with some slow Doomelements!
For me it's nothing special,only Deathmetal with some slow parts and a high voice.Sorry,but I don't like this band so much,it's not such interesting for me.If it's your kind of music,send 5$ to Adipocere.

BEYOND DAWN -Up To Linear Shades (Adipocere)
This 2 song Ep kills!Pure fuckin' Blackmetal from Norway in his unpurest form.'Stranded,down and under' begins with a very fast part,followed by some mid-tempo parts,with an very untypical

voice.'Bygone' is also great,with atmospheric influences.The production itself is very good and clear,the cover is full-coloured.An Ep you must have!5$ to Christian.

DEPRAVITY - Adv. for Mini-Cd (Adipocere)
Oh,5 songs are banned on this silver shape with a very good porduction.There's a little touch of Entombed.I think because of the guiatrsound.But the vocals are diffrent.To say it directly,it's Deathmetal!With some fast and slow parts,it changes from song to song!But this release got my interest,because it's fresher than other stupid releases.I don't know the price,but you should write to Adipocere and ask!

CRIPPLE BASTARDS/VIOLENT HEADACHE - split (Psychomania Recs)
Oh,I love it!Brutal fuckin' noisecore in his rawest form.On the first side Cripple Bastards with 42 songs,a pure fuckin' chaos with ultra-extreme growls & screams.On the other side Violent Headache with a few songs.also an harmonizer-voice(ver metallic sound).The production itself is...a rehearsal...no...call it what you want,but it's good!So send your 5$ to Dave.

BETHLEHEM - I Look Into Thy Pale Dominion (Nightmare)
Oh yezzz,that's the first Ep from one of the best german newcomers this time.Two songs of pure Darkmetal,a mixture between Black/Death- and Doomelements,decorated with an atmospheric sound and a fuckin' great production.Also the cover and Inlaycard is very professional,so you should send your 5$ as fast as possible to:Jürgen Bartsch,Auf dem Wiler 30,41517 Grevenbroich,Germany

EQUIMANTHORN - Under The Seasons
This is an 3 song promorelease form the suisse Equimanthorn.The production is really clear and with enough power,the music itself is Deathmetal(or what do you think?),which includes a rough voice.It's a bit techno-death influenced because of the complex guitarsound.Well,you can get this 3 song Cd for only 13$(I think).Sorry,no adress!

DEAD INFECTION - Surgerial Disembowelment (Morbid Recs)
This Lp/Cd,which includes 10 songs of pathological performance & disembowelment from the polish sickos Dead Infection is fuckin' awesome.Yeah,the sound is like a 'Hammer smashed Face' production,but it sounds cool.The songs itself are very fast,with growling guitars & a 'bluuurghsplatsmashhargh' -ish voice!This is really pure sickness!You can get it at your local recordshop in Germany,Suisse and Austria or through Morbid directly (adress see ad.)

BURZUM - Aske (Deathlike Silence)
Yeeeeeaaahhhh,the Count is back,better than ever!On this Mcd there are 3 tracks with a total playingtime of 20 minutes,on of the tracks has already been featured on the debut album.Most of you should be familiar with this band,to the others let me tell you that this is dark and sinister Blackmetal with screamy vocals.The sound is very good.You can hear all instruments clearly and there is neither too much bass nor treble in it.The overall atmosphere on this release reminds me very much of Bathory's first Lp,but note that I didn't compare these two records!Count Grishnackh must be a musical genius for writing such great music - it is dark,sinister,but with a somewhat melodic touch to it.The drumpatterns are usually quiete simple,but I guess that is way was meant to be.There are many malncholic parts where only the guitar plays,and it sounds awesome.The vocals will surely put off some people,but I like them the way they are:very high,shrill and screamy,which is much more extreme than those deep grunts.The cover shows a burnt out building(a church maybe),and on the backcover there is a cool'stop the madness' parody,check it out yourselves!I love the release,and although the price is pretty high(18$),I would be rather buy this instead of some boring standart shit.Write to:Cymophane,Ibesensgt. 45,5037 Solheimsvik,Norway

ANCIENT RITES/THOU ART LORD - split
Yes,yes,I do know that all of my reviews have been very positive,but I can't help it:I have to praise this release too.Ancient Rites should be familiar to most readers of this zine.On this Ep they have their song From Beyond The Grave,taken from their demotape,only in a diffrent version.They changed some riffs and added some keyboards(played by Morbid of Necromantia,if I am correctly informed).The vocals now sound once again diffrent compared to the older releases(in fact they basically change on each new release),now it is more a normal voice with effects on it,and it sound great.This is dark Blackmetal in the way it should be.The sound is very good,bass and guitar are on an even level,and the drumsound is very powerful.Thou Art Lord features two members of Rotting Christ and Necromantia,and I'd say they sound pretty much like the latter one,only with deeper vocals(I think there are two vocalists involved).They play Blackmetal in the greek style - dark,mysterious.The guitars have a lot of treble in the sound. I am not sure wther or not this is more than a mere project,but I certainly hope it is,cause T.A.L. are great!This brilliant Ep (w/coloured cover) can be yours for 6$ from Molon Lave Records,14-16 Solomou Str.,Athens 106 83,Greece,don't miss it!
NYAR

POISON - Into The Abyss (Midian Creations)
This is the re-release of the band's 1986 demotape on vinyl(of course I'm talking about the german Poison and not the poserband from USA).This is Black/Deathmetal in the ancient way,a possible influences would name bands as Venom,Slayer,Bathory or whatever - you get what I mean?This stuff is fast,raw,brutal and pretty technical too.It is incredible that such a band existed in Germany that many years ago - they were doing back then what many bands are now trying to do,that Poison are much better than most of them!The four songs(playingtime of about 30 minutes) are excellent,and I would like to advise every Black/Deathmetalband head to check them out.The sound is very good and clear,nothing to complain about.You can get this wonderful piece of vinyl for 20FL/200M/12$ or in Belgium for 350 Bfr from Midian Creations,Wim Baelus,Laarsveld 60,2440 Geel,Belgium.Hail to Poison!***NYAR***

SADIST - Above the Light (Nosferatu Recs)
Sadist,who released a single on the italian Obscure Plasma label,and which sold over 2500 copies,released their debut Lp.The sound is very good but not to clear.There's a good background with a very good keyboardmelody(reminds me of Mercyful Fate),very atmospheric.The music is something between melodic Death/Thrash.The high,screaming voice gives a good completion to the music.'Above The Light' is a really professional and good debut,also for a very young label.This could be something for you!For prices and adress see article!

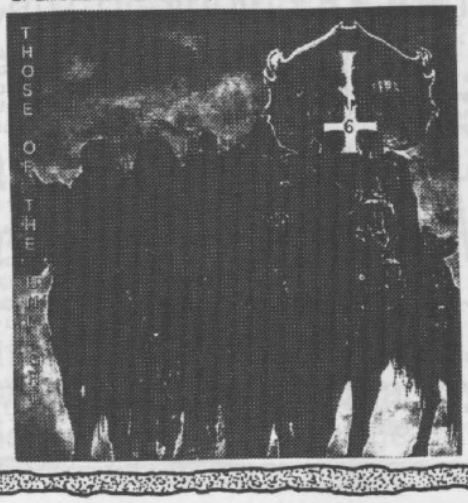
DARK TRANQUILLITY - Skydancer (Spinefarm Recs)
Oh yes,this is the debut release from the swedish Dark Tranquillity.'Skydancer' contains 9 songs of pure music and atmosphere!Very melodic sounds and arrangements,mixed with female backgroundvocals and a high,screaming voice.The sound is very clear and fresh and not such squashed!Released through Spinefarm,this thrashy,melodic Deathalbum is a must!Soon available through Spinefarm directly!(Adress elsewhere)

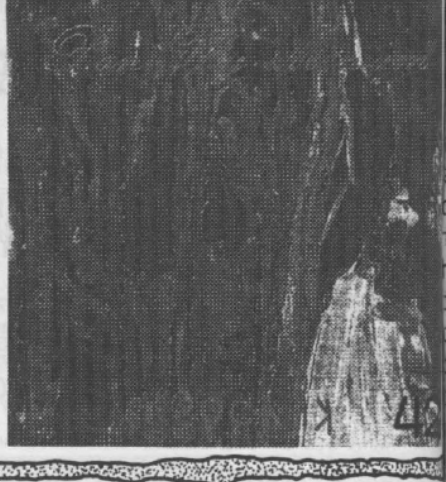
SOLSTICE - An Era of weary Virtues (M.M.I. Recs)
Oh yes,Solstice from Holland are back with a new Ep on the german M.M.I. label.Two songs of very atmospheric and doomy Deathmetal with a good production were shown here!The vocals aren't such deep like Suffocation-things!Available in green vinyl,so send 5$ to:M.M.I.Recs,c/o Markus Woeste,Heerstr.77,58533 Halver,Germany

REGREDIOR - Touched by Thanat (M.M.I. Recs)
3 new songs of brutal Deathmetal were shown us here on the red coloured,new sinlge on M.M.I. Recs!Regredior from Litauen are very good for an east european band,especially the production is good!!!I think it's refreshing,and the good background of 'Return to the Kingdom of Mandragora' and 'Touched by Thanat',which sounds very atmospheric and fresh is awesome!Don't miss it and send 5$ to Markus!

MARDUK - Those of the Unlight (Osmose Prod.)
Oh hell yes,this is great!I think some of you have heard their 'Dark Endless' debut from No Fashion!But this kills!Fast Blackmetal as it's best!Also with some melodic solos.8 songs were featured here,very good and atmospheric songs with neverending brutality.I really like Marduk and their new album,and I think this is the right album for you if you prefer listening to intense,brutal music with a fist full of power!Available at you recordshop or through Osmose directly!

PAN - THY - MONIUM - Khaoos (Osmose Prod.)
This new release from the swedish Pan-Thy-Monium I got here is great!11 tracks of very complex,weird music.A mix between Deathmetal,Blackmetal,Jazz and other styles,and also many keyboard,saxophone and piano backgrounds.There is also much freshness and so many ideas behind behind this music,I couldn't believe it!Pan-Thy-Monium created a completly new art of music!One of the top-bands.And everything is sung in swedish in a very agressive voice,sometimes deep and high,great!Also available at your recordshop!





IER - Goetia (Osmose Prod.)

ABSURD EXISTENCE - Silence demo
Hmm. I've never heard about this band. but I'm wondering all time how much good bands the scene puckes out!This very slow . doomy Deathmetalband . which is very influenced by Paradise Lost I think.showes us 6 songs. with very melodic solos on it and a good.clear sound.There's also a very nice background. and I think songs like 'Gates Of Nemesis' or 'Myself in You' does the rest. am I right?And if you think this could be something for you.write to:Michael Beischl b Jüstl.Hochstr.1.84032 Altdorf. MORNINGSTAR.a Black/Deathmetalband coming from Finland.was formed in the beginning of 1989.They used several other bandnames like Testator or Thor's Hammer,and th line-up often changed,so the release of their debut demo 'Obscure aurora above us' wasn't released until 1992.
After this release the line-up changed once again.and Sinister Satyr was the only original member left.and so he did all the music and lyrics.
The second tape called'Inside the circle of Pentagram' was recorded 1993 with a very good sound.and it good good responses everywhere.At this time the line-up was:
SINISTER SATYR - ELECTRIC GUITAR.VOCALS
AZIRAPHALE - BASS GUITAR
ASTRALSOUL - PERCUSSION
After the 'Inside...'demo Astralsoul left the band and they got a new sessiondrummer.The music of MORNINGSTAR is a mixture of Black - and Deathmetalinfluences.mixed with an very angry and agressive voice from Sinister Satyr.The musical influences comes from other Blackmetalbands like Beherit or Bathory.but it's still very original.
The lyrics are telling stories about pagans,darness,witches and kalewala.
The'Inside...' demo is available for only 5$ or a blank tape plus postage.The contactadress is:

THERGOTHON

THERGOTHON!I THINK MOST OF YOU HAVE HEARD THIS NAME FROM THE FINNISH DOOM/DEATHMETAL BAND. AM I RIGHT? WELL.THEIR FIRST DEMO WAS REALLY GREAT.AND NOW THEY SIGNED ON THE ITALIAN LABEL OBSCURE PLASMA RECORDS TO RECORD THEIR DEBUT CD! I SEND SOME OF MY BOWEL-QUESTIONS TO NIKO SIRKIA.WHO'S ALSO EDITOR OF THE FAMOUS 'HAMMER OF DAMNATION'. I WAS REALLY HAPPY AFTER I GOT HIS ANSWER AND TO SAW THAT THEIR ARE SOME GOOD AND LONG QUESTIONS.NOT ONE OF THESE IMPALED NAZARENE ANSWERS LIKE "MAKE WAR AND DRINK BLOOD" OR SOMETHING LIKE THAT.SO I THINK IT'S TIME NOW TO WRITE SOME ANSWERS DOWN HERE AND TO SEE WAHT HE HAS TO ANSWER ME. OKAY?

WELL.MY FIRST QUESTION.....WHY DID YOU SELL SOME COPIES OF YOUR DEMO TO WILD RAGS RECORDS? I THINK THIS LABEL IS VERY DISLIKED AND MANY PEOPLE TELL ME:"DON'T TRUST RICHARD C.

"In past (period 1991 - 1992) there weren't that many to call Wild Rags a rip-off.First we sold an amount of demos to Wild Rags and later they licensed it for a decent distribution in America (Well, that's good for an unknown band - ed.). Richard C. was always honest to us even if things always didn't go as quick as planned(Oh hell, I really wonder who's telling the truth. IS Wild Rags a Rip-Off or not??? - ed.)."

WHAT ABOUT YOUR DEBUT WHICH WILL BE RELEASED BY OBSCURE PLASMA RECORDS. COULD YOU TELL SOMETHING ABOUT IT?

"'Stream From The Heavens' will be out on CD and possibly on cassette format.too. It shall include 6 slow and atmospheric songs, together around 45 minutes of dark music.The material was recorded and mixed in October/November 1992."

YOU'RE ALSO DOING HAMMER OF DAMNATION MAGAZINE. I'VE SEEN YOU NEEDED A LOT OF TIME BETWEEN THE 2ND AND THE 3RD ISSUE.WHAT WAS THE REASON FOR SUCH A BIG DELAY?

"Actually there was no 'delay', it just took that long time to complete the work.Probably it can be seen in the end result."

DOES YOUR 3RD ISSUE SELL GOOD? HOW MANY COPIES HAVE YOU SOLD SO FAR?

"We've sold over 500 copies so far and in my opinion it is pretty well concerning it is a 100% underground publication(Oh well,this is my biggest dream-to sell also 500 copies of this Witchcraft issue - ed.)."

WHAT DO YOU THINK ABOUT THE FACT THAT THERE ARE MORE BLACKMETAL BANDS AT THE MOMENT THAN EVER BEFORE?

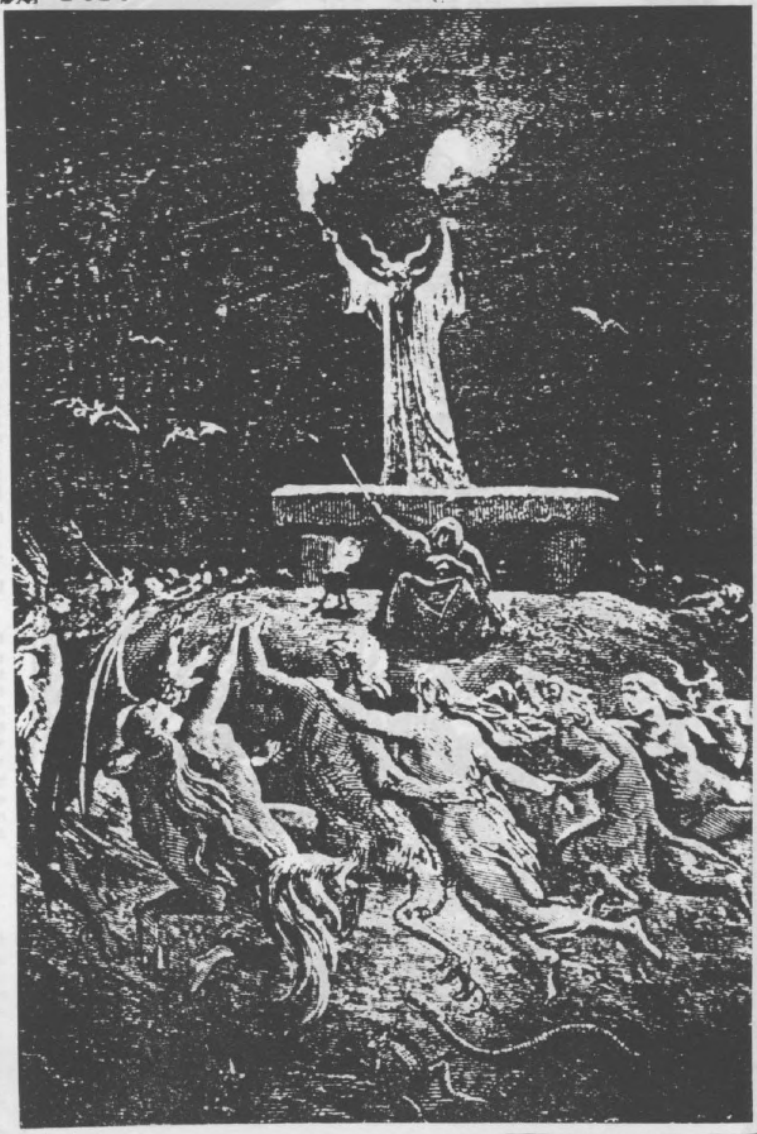
"It bores me.Only a few of them are interesting and original. The rest think they are so evil and brutal. but in reality they just look and act like stupid clowns.Ridiculous."

DO YOU GOT SOME OF YOUR FAVE MAG'S LAST TIME?

"I have no special faves.but I recommend the Sword Of Damocles which is unique."

AREN'T THERE TOO MANY BAD ZINES AT THE MOMENT WHICH SELL THEIR REALLY UNINTERESTING ISSUES?

"Yes,there are. And besides magazines,too many bad bands, bad record labels.bad compilation tapes etc. etc."



DO YOU OFTEN PLAY LIVE? HOW MANY GIGS HAVE YOU PLAYED SO FAR?
"Thergothon did 2 live shows over a year and half ago, and I don't feel like we'd play live in the future."

DO YOU USE ANY SPECIAL LIVE SHOW AND ANY EFFECTS OR SO?
"On those gigs we had black candles aflame to create at least some kind of atmosphere.No moshing.no stagediving,no jolly-good fun shows."

AND A STANDART QUESTION. ANY FUTURE PLANS NEXT TIME?
" we are waiting for the Cd to be released.After that we shall start wondering what to go on with."

HAVE YOU GOT SOME OF THOSE 'KILL NUCLEAR BLAST' AND OTHER ANTI-FLYERS? WHAT DO YOU THINK ABOUT SUCH THINGS?

Fhtagn-nagh
Yog-Sothoth
Studio demo 1991

"No.I haven't received any anti-NBR ads.Usually I don't spread any boycott-ads(very good -ed.) unless I have a good reason for it."

AND THE LAST QUESTION YOU USED IN YOUR 2ND ISSUE.IF THE MUSIC OF THERGOTHON WAS A DINNER COURSE. WHAT DO YOU THINK WILL IT BE?
"I've been asked this before! Right now I feel it could be something from the Chinese kitchen. Special meaning for Roberto...?"
THE LAST COMMENT?
"Enjoy life and praise the self. Amen."

AND.IF YOU GUYS WANT TO GET IN CONTACT WITH THERGOTHON OR IF YOU HAVE ANY OTHER QUESTIONS.WRITE TO THIS ADRESS:

SOMBREUS BLACKHELM (KATAPONIA)

BY APOSTOLIS KARACHRISTOS '93

Hi!I'm Apostolis Karachristos of 'Troopers Of Metal' zine,and I'm here to tell you some things about the Greek scene!In fact the Greek scene started to become popular the last 4-5 years with bands like Rotting Christ,Varathron,Sadistic Noise,Necromantia...And now as many people says,Geek scene is one of the best and most original scenes nowadays!I think,Greece always had good Metalbands and good musicians,but they had not so professional attitude and not many contacts with the foreign underground!The beginning was done,basic with Rotting Christ,a band which prefered to be popular outside of Greece!Then,some other bands followed Rotting Christ's attitude and now we've a very good name in the VHD scene.Foreign labels and tons of magazines have start to interested for our scene,so I think all things go well for the moment.Also the last years,tons of fanzines come out,the most of them were not so professional,but they're true and honest!The first Metal fanzine in Greece was 'Thrash Metal'(RIP)and that was the best and the inspiration for other fanzines!After followed 'Troopers Of Metal','Buttfuck','Metal Attack' etc!!The only bad thing is that we don't have the chance to see many VHD bands(foreign) here to play live!This is difficult,'cause there aren't professional organizers here,but now things seems to become more well with some small but very strong and honest labels like Molon Lave Recs(the best in Greece!),which tried to organize liveshows with foreign bands!Talking about Greek labels,exept MLR,there are some others too.Labels like Decapitated Recs,Psychosis Recs,Black Power Recs or Spellbound Recs are growing very fast.But as I said,the best label is MLR,which is also a record-shop(with demos/7"eps/Lp/Cd/Shirts/fanzines),tour management with many 7" and Lp releases basic of Greek bands (like Septicemia's Lp,Piranha's Lp,Nightfall's 7",Thou Art Lord....),but now they started to re-release 7" and Lp's with foreign bands too (like Dead Christ 7",Pagan Rites' Mlp,Moonspell,Minotaur's new Lp...).
OH!Let's start to see the most promising Greek Death/Black/Thrash bands...

ROTTING CHRIST.The best and most popular Greek band,especially outside Greece!For many people,R.C. are the best and most true & original Black act nowadays!Their debut 'Passage To Arcturo' mini Lp is a cult album now!!They don't play many liveshows (the last was in May in Athens with Ancient Rites!),course they want to keep a 'cult' name!!Now,their 'Thy Mighty Contract' album sells totally great,but as they've told me,that album had forbidden in the U.S.,'cause of the name of the band.I don't know what happened finally,but let's hope that Americans have the chance to hear true & original Blackmetal!From the beginning thy've released some reh.tapes as a grind-noise band (late 87/89),a split 7"Ep with the Greek noiseband Sound Pollution(RIP),a studio demo '89, 'Satanas Tedeum'(their first official release playing Death/Blackmetal and not Grind/Noise!!),a fantastic MLP 'Passage To Arcturo' on Decapitated Recs,a new 7"Ep'Dawn Of The Iconoclast' and a split 7"Ep with Italians Monumentum on Obscure Plasma Recs,a new demo 93 'Ade's Winds' with two tracks,and their debut Lp/Cd 'Thy Mighty Contract' on Osmose Recs,and now re-release of 'Passage To Arcturo' on Cd with two Livesongs as bonus (on Decapitated Recs).Now they've plans for a tour in winter(in Europe) with Blasphemy And I,Nazarene!!Fucking great!!

VARATHRON.Another old and great Blackmetal band!They started almost with Rotting Christ and they're as popular as R.C.!More doomy and atmospheric band with only two original members and session musicians!Now they've out(October) their new 7"Ep on MLR after a long time from their previous releases(the split Lp with Necromantia).In the past they've released two old demos:'Procreation Of The Unaltered Evil' and 'Genesis Of Apocalyptic Desire',a split Lp with Necromantia on Black Power Recs(have left some few copies of it from MLR distribution and Decapitated distr.too for 10 $ PPD),oh yes,I forget it!Before this split Lp they've released an 7"Ep'One Beyond Dreams' on Black Vomit Recs!As I said before,now their new 7"Ep must be out on MLR!Get in contact with them for details!

NECROMANTIA.With the two other bnads,R.C. and Varathron,the most popular bands outside from here!They're so original,so blasphemous...and so great!!They don't use rythm guitar(only solos),but 8-string bass,two vocals,piano,sax etc.!!Soon will be out their debut Lp/Cd 'Crossing In Fiery Path' on Osmose.Black & Chaos!!

In 1989 they released a promo tape with 6 songs and that spread their name wordwide as me of the most extreme and blasphemous Blackmetal bands ever!!!After that,a split-Lp with Varathron followed and in 1993 they released a new promodemo with two new songs(5$).Watch out for their forthcoming debut Lp/Cd...

Line up:Morbid(b/v/key),Baron Blood(8-string bass),Slow Death(b.vocals/howlings),Inferno(piano) and Yiannis (sax/tables /horns...)

NIGHTFALL.The most professional Greek Doom/Death band today!Their debut Lp/Cd 'Parade Into Centuries' was one of the best Doom/Death releases for 1992 as many magazines have already told about it!Before that great debut,they had an old demo 'Vanity'!After that followed a deal with the french Holy Recs for two albums,so the result was the 'Parade Into Centuries' Lp/Cd(available on cassette under Carnage Recs.).In 1993 they released a promodemo with one long-time song(Enormous/The Anthem Of Death)and before some months a 7"Ep 'On Black Queen,Oh,You're Mine' on Greek MLR(6$ PPD).Aslo,they've played live in Athens with Paradise Lost and other Greek VHD bands!In the beginning of 1994,their second drama'Macabre Sunsets' will be out on Holy Recs,so watch out for it...

DEATH COURIER.A very old Deathmetal band and one of the first Greek bands,who became popular outside Greece!!D.C. plays a brutal,fast,agressive Deathmetal with great guitar parts and very good lyrics!In 1989 they had released an demo 'Deny Your Desting' and in 1990 an independent 7"Ep 'Necroorgasm',which spread the band's name worldwide.Wild Rags re-released that 7"Ep on cassette(with a bonus track) and offered the band a'Rip-Off' deal for one labum!!So the Lp 'Demise' was recorded 2 years ago andsuppose to be released under Wild Rags!!But that never happened and the Lp released in 1993 under Psychosis Recs(12$ PPD).Support them!!

SADISTIC NOISE. Another cult band!I think Sadistic Noise with Rotting Christ were the first Greek bands,which try to be popular outside of Greece!In the beginning,S.N. and especially in their first demo 'Black And Chaos' played Black/Grindcore,but at their cesond 'The End' demo '90 they start to play more Death/Thrash in a very agressive,fast and brutal way!Unfortunally,after that recording,S.N. split up for 2 years and now they've back stronger than ever,with new line-up and a new 7"Ep on MLR(6$)!!

OKAY.AND HERE WE HAVE ONE OF THE BEST SWEDISH BLACKMETALLERS NOWADAYS. MARDUK! AFTER I GOT BOTH OF THEIR GREAT RELEASES. I THOUGHT IT WOULD BE NICE TO SPEAK WITH 'EM! BUT AFTER SEVERAL PROBLEMS WITH THE POST ETC.. I TRIED TO SPOKE WITH MORGAN .HIMSELF GUITARIST OF MARDUK. ON THE TELEPHONE.I HAVE TO SAY THAT IT WAS MUCH BETTER THAN WRITING LETTERS.AND SO THERE WAS REALLY MORE TO SPEAK ABOUT!

OKAY.AT FIRST SOMETHING ABOUT YOUR FIRST DEMO.WHY DO YOU CALL IT 'FUCK ME JESUS'?DO YOU HATE CHRISTIANITY?
"Well, I hate christianity, yes! Have you seen 'The Exorcist'? YES. I THINK SO."So 'Fuck Me Jesus' is a symbolic name for the hate of christianity.Besides that,I hate all religions."

WHY DO YOU GOT A DEAL WITH NO FASHION TO RECORD YOUR 'DARK ENDLESS' LP? DO YOU SEND THEM ANY STUFF LIKE A DEMO OR SO?
"Yes.I send a demo to his zine,and at the same time he started his label 'No Fashion'.A long time I heard nothing,but then he got in contact and we signed on his label March 1992. We went to the studio in June,but the Lp wasn't released until spring '93, because of several problems with the cover."

WHO MADE THE COVER FOR THIS LP?
"The bassist of Obscurity made the cover for our debut.Have you ever heard about Obscurity?NO,I Don'T THINK SO. Well, they were the first swedish Blackmetalband in 84/85.and the bassist made the cover."

ABOUT WHAT DO YOU SING IN YOUR SONGS? ONLY SATANIC AND MYSTIC THINGS OR ALSO OTHER THEME'S?
"On our first album we only wrote about satanic stuff, but now we also sing about things from transylvania, but also satanic stuff,yes.BY THE WAY .I HEARD YOU HAVE A BROTHER?Ah yes,my big brother,haha.BIG?Yes, he's 26, so he's my big brother.DOES HE ALSO PLAY IN THE BAND?No,he doesn't play in the band."

I'VE SEEN SOME PHOTOS OF YOUR LIVESHOW.DO YOU USE WARPAINT, BLOOD AND SEVERAL OTHER THINGS EVERY TIME AND.. .DO YOU LIKE VIOLENT GIGS?
"We use our warpaint,because it's...a sign,an expression of our agressivity .you know. And yes, we like violent gigs a lot.AND,DO PEOPLE LIKE YOUR GIGS?Yes, last time we played in our hometown,and there were around 150 people I think.And they liked the gig a lot."

ARE YOU SATISFIED WITH THE NEW DEAL?
"We're very satisfied with it, the songs are much slower,the 2nd on is.. .eh,greater I think."

DO YOU THINK IT'S BETTER TO SIGN ON A BIGGER LABEL TO RECORD A BETTER ALBUM
"Yes,because there's more promotion and a better distribution, so I think it's better to sign on a bigger label ."

DO YOU THINK YOU COULD BE A MEMBER OF THE 'CHURCH OF SATAN'(USA)?
"No,I don't like what they stand for, it's not my cup of tea,haha! BUT YOU READ THE SATANIC BIBLE FROM A. LA VEY ?Yes,I read the Satanic Bible and a lot of other books,and also the Necronomicon."

WHAT IS BLACKMETAL FOR YOU? MORE THAN ONLY MUSIC?
"Yes,it's a...lifestyle for me,really ,a total lifestyle,not only music,you know.For other styles,it's not a life style for them...DEATHMETAL,FOR EXAMPLE?Yes,for a Deathmetalband it's not the same.Blackmetal is a lifestyle."

WHAT WOULD YOU DO IF BLACKMETAL WILL BE THE NEXT BIG TREND AND ALL LABELS LIKE NUCLEAR BLAST SIGNED THE POPULAR BANDS & THE BIG MAGAZINES LIKE KERRANG OR ROCK HARD KISSES THE BANDS ASS TO GET STUPID INTERVIEWS?
"No,I don't think so,because Blackmetal is too extreme for such labels and magazines.And Nuclear Blast has no good band I think."

"Hmm,we never celebrate christmas in this way,singing songs etc., and for myself,I don't celebrate christmas."

HAVE YOU EVER HEARD FROM BETHLEHEM?
"No,I never heard something, but I heard their name last time. but I don't know when."

AND NOW...PUH, OH YES, WHAT DO YOU THINK ABOUT NORWAY?
"Oh,it's a great country,the atmosphere there,great country, I was there 4 times I think,but it's shit what happened to Euronymous."
